

## All People PCR Testing or COVID Vaccine\_Do or Die, 2021/6/24,28;7/5,6

Already many people had been injected the vaccine,however at now(too late?!) here revealed **many serious warning on the vaccine by the vaccine developers themselves**. One of risk is vaccine become to cause stronger ill symptom in **reinfection(ADE)**. Hereupon,once also author proposed **the all people PCR testing**,which become more superior than doubtful vaccine.Once again,we must try to judge which is true or false.

### [1]:Warning by Developers on the Vaccine and the Reason.

***The inventor of mRNA vaccine technology suggested that "this vaccine is too dangerous". And the fear of "the next real pandemic by monster viruses spreading" in the words of scientists***

<https://indeep.jp/inventor-of-mrna-technology-suggests-this-vaccine-is-dangerous/>

#### (1)The Developers

- *Former Vice President of Pfizer, Dr. Michael Yedon (past article)*
- *Dr. Vanden Bosch, former director of vaccine development at the Gates Foundation (past article)*
- *Dr. Luc Montagnier, Nobel Prize in Physiology or Medicine (past article)*
- *Dr. Vernon Coleman, a British doctor of medicine (past article)*
- *Dr. Vanessa Kluger, a scientist of the Helmholtz Association of Germany (past article)*
- *Masahiko Okada, Professor Emeritus of Niigata University (past article)*
- *Dr. Lee Merritt, former president of the American Association of Surgeons and a researcher of biological weapons in the Navy (past article)*

#### (2)the Reason

*From an application for immediate suspension on research by former Vice President Pfizer*

- (a)*Antibody-dependent enhancement (ADE) may be triggered*
- (b)*The possibility of interfering with the placental-forming syncytin and causing permanent **infertility** in women cannot be ruled out.*
- (c)*It cannot be ruled out that polyethylene glycol contained in the vaccine may cause a fatal reaction to many people (in the long term).*

The warning is urgently serious by multiple vaccine developpers. Medical society, the press, and politics must disclose their truth judgment

#### (3)the Unknown Points.

(c)unknown to author.、 、 (b)unknown to author.

(a)Antibody-dependent enhancement (ADE).

Serious ADE is **destroying natural immune cells**.which is caused by **COVID virus mutant** synthesized by **incomplete antibody generation** by **incomplete vaccine**.

Stronger ill symptom and stronger infection ability is a co-body ?.Maybe co-body?!

→Reference2(b)

Actual infection is <b>proliferation of virus</b> by <b>stealing synthesizing materials from patient's cells</b> , And stealing materials from patient is destroying patient's cells(toward becoming ill).
---

**[2]:Antibody-Dependent Enhancement (ADE)=Hazardous Mutant COVID.**

Globalized COVID infection forced rapid vaccine development with risky? mRNA method, More hazardous mutant COVID is generated by emerging incomplete antibody in vaccine.

*\*Dr Luc-Montagnier's comment at here is deleted due to the untrustable source<7/05>.*

Antibody attaches to the spikes of Covid19 and block Covid invasion to ACE2 on surface cell , but there is a phenomenon that **singular antibody's tail<Fc>**acts to **promote invasion to immune cells** causing stronger ill=**Antibody Dependent Enhancement\_ADE.**

**[3]: Review on Immune Process and Immune Trouble(by the Vaccine?).**

① **Innate Immunity** are **eliminating foreign substances by phagocytosis** of {macrophages,neutrophils, dendritic cells} and **attacking** by {Natural Killer cells}.

*How Immunity Works*

[https://www.obunsha.co.jp/pdf/support/9784010340004-p130\\_147.pdf](https://www.obunsha.co.jp/pdf/support/9784010340004-p130_147.pdf)

**②Adaptive immunity (acquired immunity)**

[https://www.obunsha.co.jp/pdf/support/9784010340004-p130\\_147.pdf](https://www.obunsha.co.jp/pdf/support/9784010340004-p130_147.pdf)

① **Dendritic cells(etc)** the virus police arresting to eat and **excrete virus mark.**

Encountering virus→eating and digesting in Dendritic cells → output **antigen presentation**

② **T cells** the Messenger to **missile maker and the launcher(B cells)**

→ helper T cells (**virus mark messenger**) → **B cells** (memory & production)

③ **B cells** (**read virus mark and memory→production**) → **antibody release to attack virus**

\*memory=lasting immunity ability for a time?.

**④ Good Reinfection Process:**

Normal adaptive immunity<**binding of antibody and antigen**>kill virus completely toward **final eliminating<→③(1)>** by **phagocytosis** of{macrophages,neutrophils, dendritic cells}.

**\*Reference1:**

***How Immunity Works***(p136④)

[https://www.obunsha.co.jp/pdf/support/9784010340004-p130\\_147.pdf](https://www.obunsha.co.jp/pdf/support/9784010340004-p130_147.pdf)

*What is immunity? the detail on types of immune cells and how they work!*

<https://www.macrophil.co.jp/special/1424/>

*Mechanism and function of immunity*

<http://plaza.umin.ac.jp/~histsite/3immuntxt.pdf>

### ③ ADE=the Immunity Failure(by Incomplete Vaccine)=Trojan Horse Virus.

#### (1) ADE(Antibody Dependent Enhancement)Phenomena.

but in ADE antibody “the incomplete”, bonding of antibody and antigen can not kill virus, then it is natural immune cells that are eaten by virus.

Thus **destroying immune system** is to cause stronger ill symptom.

#### (2) the incomplete antibody.

\* “the incomplete” = Fc region of antibody is to bind with FcγR II (CD32) of immune cells, As the consequence, virus easily become to be absorbed to immune cell. This is a cause of immune cell's failure to eat Trojan horse virus.

#### \*Reference2:

##### (a) *Intensifying Infection*

<https://www.infront.kyoto-u.ac.jp/sars-cov-2/20201113-2/>

*Antibody binds to Spike protein on the virus surface, and the Fc region of the antibody binds to Fc receptor FcγR II (CD32) of immune cells to establish infection of the immune cells.*

##### (b) *Discovered antibody that enhances infection.*

#### **COVID-19 condition for causing stronger illness-**

[https://www.amed.go.jp/news/release\\_20210525-02.html](https://www.amed.go.jp/news/release_20210525-02.html)

- \* *In COVID, no neutralizing, but enhance infection antibodies was discovered*
- \* *infection-enhancing antibody binds to a specific site of peplomer of COVID, the antibody directly causes a structural change of the peplomer, resulting in increased infectivity*
- \* *Infection-enhancing antibodies have been found to diminish the protective effect of neutralizing antibodies.*
- \* *High production of infection-enhancing antibodies was observed in severely ill patients*
- \* *even non-infected persons may have a small amount of infection-enhancing antibody.*

#### **Antibody Structure**

<http://www.biology.arizona.edu/immunology/tutorials/antibody/structure.html>

*What is Antibody Dependence Enhancement.*

<https://www.nobuokakai.ecnet.jp/nakagawa222.pdf>

*SARS-CoV-2 and Trojan horse phenomenon—caveat in vaccine quest?*

<https://onlinelibrary.wiley.com/doi/full/10.1111/sji.12969>

*Are COVID-19 vaccines causing antibody-dependent enhancement?*

<https://health-desk.org/articles/are-covid-19-vaccines-causing-antibody-dependent-enhancement>

Authors guessing on incomplete antibody the immune cell invader <door FcγR II (CD32)> Maybe the antigen-antibody binding strength is weak enough to be broken in immune cell for virus reincarnation, but stable enough to pretend dead virus in outside of immune cell.

#### ④News indicating the incomplete antibody.

(1)**About COVID Vaccine**<making COVID vaccine is not so easy>

<https://www.tsukazaki-hp.jp/covid19care/11686>

Infuenza vaccine the orthodox one is made from cheap egg the mass product.,however Covid was impossible to make ordinal vaccine,so they employed mRNA replicant way.

**\* key-hole template\_synthesis & dissociation reaction (p3/40)**

<http://777true.net/Prompt-Wartime-Regime-against-Bio-Weapon.pdf>

***It is difficult to make antiviral drugs,why ?***

<https://www.saiseikai.or.jp/feature/covid19/basic.q06/>

*the structure of the virus is very simple and it is difficult to "target" the drug.*

**\* "target"~key-hole template\_synthesis & dissociation reaction vessel**

(2)**Does the vaccine work? "Antibody-dependent enhancement of infection" that emerges even in the new corona**

<https://bio.nikkeibp.co.jp/atcl/news/p1/20/03/30/06749/>

*By vaccine,if incomplete antibody induced,ADE would emerge,USA researcher warns*

Following (3) is sufficiently serious as for **the incomplete antibody,**

(2)mRNA Vaccine<necessity of **strong freezing** indicates its weak point ? ! >

(3)**the Vaccine is not neatly made,but roughly.**

**135. May 02, 2021 09:31:15**

*According to the leaked document, RNA integrity number (RIN) in the process is significantly compromised, quality indicators from 78.1% to 59.7%, up to 51% in some batches.It was falling. Simply means, low RNA integrity (low RIA value).The active substance of Cominati (Pfizer vaccine) is not only low in concentration, but also 40% or more.The mRNA is unstable, and there is a risk of randomly issuing harmful commands in the body. Also according to the leak document, Pfizer tried to overcome this problem by increasing the concentration,As a result, the rate of adverse events such as inflammation, thrombosis, and seizures increased.*

<http://www.asyura2.com/20/iry06/msg/613.html#c135>

**\*The red line by Suzuki.**

135-Reader's point is very noteworthy! ..The reason why strong freezing is necessary is that small and not heavy mRNA is destroyed by heat <defenestration>.

\* A gene is a biochemical polymer, a very long spiral chain, and is also heavy.

In Rattling vibrating thermal motion in liquid space.unless heavy, it does not work as a stable reaction vessel <synthesis & dissociation> .

**\*the low integrity mRNA for making spike protein may be a small chain<heat unstable>.**

**So miss prints would occur frequently in the target synthesis in randomizing heat space =.**

**What would be the result?,**

→**incomplete antibody generation,**→weak antibody&antigen binding? →**ADE?**

***Inventor of mRNA Interviewed About Injection Dangers***

<https://comendonchisciotte.org/inventore-dei-vaccini-mrna-parla-dei-pericoli-dei-vaccini-covid/>  
 Dr. Robert Malone invented the mRNA and DNA vaccine core platform technology. He told the spike protein is *Bioactive Cytotoxin*. Above all, *Spike Protein Disseminates Throughout Your Body*, but not confined local the injected shoulder. Thus above "The weakened COVID virus?" for making antibody" is not correct.

#### [4]: Superiority of All People PCR Testing toward Virus Eradication

The debate on the vaccine is very difficult and complicated **with many uncertainty on the safety and accuracy**, while PCR testing safety and accuracy is outstandingly clear than vaccine. **The original principle** is evident enough for everyone.

#### The Full Digital Decision toward Eradicating Virus.

General telling, virus infection is caused by **no symptom someone**, so all people testing can make it evident toward **going on business and going in hospital**.

\*PCR tester is not 100% accuracy, however few times testing almost accomplish 100%.

PCR tester cost is not cheap, but many people using can make the cost almost zero, while exception is **testing reagent cost** ~ about 10\$, maybe it is almost the same as vaccine.

(1) <http://777true.net/We-could-Win-Virus-by-Testing-All-Nation-People-in-a-short-Time-&Expense.pdf>

(2) <http://777true.net/Prompt-Wartime-Regime-against-Bio-Weapon.pdf>

(3) <https://www.cnbc.com/2020/08/21/who-warns-a-coronavirus-vaccine-alone-will-not-end-pandemic.html>

#### (4) Virus Testing for All People is the Key to its Eradication

(a) ***how one Italian town fought coronavirus, The evidence is clear:***

***Mass testing for the virus is the key to its eradication - and to saving lives.***

[https://www.aljazeera.com/indepth/opinion/home-italian-town-fought-coronavirus-200326110756424.html?xif=;utm\\_medium=article\\_page&utm\\_campaign=read\\_more\\_links](https://www.aljazeera.com/indepth/opinion/home-italian-town-fought-coronavirus-200326110756424.html?xif=;utm_medium=article_page&utm_campaign=read_more_links)

*Full testing is the only way in which countries will gain a clear picture of the actual numbers who have the virus and, therefore, how many people risk infecting others without even knowing they are doing it.*

(b) ***The most drastic confinement in the western world***

[https://www.francetvinfo.fr/replay-radio/un-monde-d-avance/la-nouvelle-zelande-a-quasiment-remporte-la-bataille-contre-le-coronavirus\\_3912391.html](https://www.francetvinfo.fr/replay-radio/un-monde-d-avance/la-nouvelle-zelande-a-quasiment-remporte-la-bataille-contre-le-coronavirus_3912391.html)

***"Detect toward the last patient like as searching needles in a haystack".***

*New Zealand has adopted drastic containment since March 26. With one goal: not to stop the spread of the disease, but to eradicate it completely. the government has decided to stop everything, Everything was closed: schools, offices, beaches, bars, restaurants, even for takeout. Visitors arriving from abroad were all placed in quarantine. the government does not intend to relax its effort. " We will continue to search for the last cases like needles in a haystack,*

(c) ***Doomsday Resort***

<https://www.prisonplanet.com/rich-americans-flee-to-luxury-doomsday-resort-shelters-in-new-zealand-as-panic-grows.html>

#### (5) Quick PCR tester

*Test results can be obtained in a 20 minutes, including (virus) sample pretreatment.*

<https://newswitch.jp/p/21661>

*Biolidics to launch ten-minute rapid test kits for COVID-19*

<https://www.mobihealthnews.com/news/asia-pacific/biolidics-launch-ten-minute-rapid-test-kits-covid-19>

(6) **Rapid and Easy Covid Detector by Body Odour**<2021/7/6>→**APPENDIX3.**

postscript:

From the beginning, many scientists indicated **rapid mutation of COVID**, which is reflection of **many misprinting in RNA replication**. Similarly rapid, but not neat vaccine making would cause misprinting in RNA replication causing toward global more hazardous chaos ??.

However, turning to **simple and neat PCR testing** could save world !!

This report is uncertain as for ADE explosion risk, however it must be strongly alarmed.

If not become actual, this report become hazardous demagogy, but it is the best !!!

**APPENDIX1: Stronger Mutant COVID emerging by Vaccine Resistant?.**

Author heard deadly stronger mutant **Lambda strain** in Peru, etc in South America, and remind drug (vaccine) resistant. Is it ADE ??

***Lambda strain invasion fear to Japan ,expanding mainly in South America strong infectivity and vaccine "resistance"***

<https://www.sponichi.co.jp/society/news/2021/06/28/kiji/20210628s00042000243000c.html>

*Lambda strain is a mutant strain that is spreading in South America, which is currently the center of infection. In Peru, it has accounted for 80% of infected people since April, and in Argentina and Chile it has spread to more than 30%. Experts point out that "there is an unprecedented mutation in the junction with (human) cells, and the vaccine effect can be reduced to about one-fifth at worst." The World Health Organization (WHO) has designated it as a "notable mutant strain" on the 14th of this month.*

***Chilean the most vaccine inoculated in the world, is cause of the spread of infection?***

<https://www.asahi.com/articles/ASP3M7WZXP3MUHBI00V.html>

### **About drug-resistant bacteria/How to grow it resistant**

<http://amr.ncgm.go.jp/general/1-2-1.html>

*But what if the majority suddenly disappears one day? This situation of "the majority suddenly disappearing" is "antibacterial drug administration". Antibacterial drugs work against the majority of bacteria. When the majority of bacteria are killed by the antibacterial drugs, the minority of bacteria that have acquired resistance to antibacterial drugs can grow easily, freely, and rapidly. In this way, the state in which the number of bacteria for which the antibacterial drug is effective decreases and the resistant bacteria grow due to the administration of the antibacterial drug is called "selective pressure" in technical terms.*

### **APPENDIX2: Covid severe immune failure-and long-term residual sequelae.**

From a long-term perspective for several years, Appendix 2 (Added 2021 / 06/19, revised 22,26;) Enhanced antibody infection may be a major problem,

As for immediate & long-term problem: **Covid immune failure** = immune system destruction for healing is a prominent problem! !! .. In early time, there was a researcher's report pointing out the similarity to HIV, which is famous as **immunodeficiency** before Covid outbreak, now this clinical content become clarified . Warning in summary, the majority who have spent the past year safely have been desensitized against Covid crisis ,maybe due to the long-term stress, or global vaccine popularizing<note vaccine incompleteness for **the virus eradication** would be evident before long> ,

#### **Israel Sees Decline in Pfizer Vaccine Efficacy Rate, Ynet Says**

<https://news.yahoo.co.jp/articles/9e542c0235da88c85dc09ccef8b083d8e0ea12b>

#### **Covid: Is there a limit to how much worse variants can get?**

<https://www.bbc.com/news/health-57431420>

More transmissible Covid mutant strains grow as time goes on.

but as you have known its evil deeds more.. the virus become **outrageously extraordinary one than anyone else**, Now the era is "W \*" wartime! !! ..

\* Climate collapse now has been entirely heading toward global extinction !!!

Forefront essential workers-customer service workers, etc. need to work with protective clothing without hesitation. Collective group of business companies and schools etc should be always equipped with detecting equipment. \*\* Now is wartime, so it's not too much doing !!. According to media reports, Covid body odor detection dogs are working at airport, and in UK, the instant detecting equipment is reported in development, .

COVID is made up too deadly evil to be ordinal virus !!.

① Covid has ability to enter bloodstream and destroy the walls of blood vessels, attack almost all organs at the same time. Above all, **healing malfunction** is fatal.

② Immune destruction = {(1) Immune function loss, (2) Self-cell erroneous attack, (3)

Excessive defense reaction}. When it comes to healing basic function destruction, **seriousness and long-term sequelae can be understood.**

③ **Rapid mutation** toward growing more transmissible strain .

## **Reference on COVID Mechanism of Destroying Human Immune Cells**

*Covid sequelae continue for more than half a year, More than half infected is young*

<https://news.yahoo.co.jp/articles/b70672e0815097660ddb0cd55a1dd28c975e36c4>

Sequelae to 61% after half a year

*Covid and HIV turned out to be "almost perfect siblings." Both viruses are found to be the same in the "mechanism of destroying human immune cells"*

Posted: May 27, 2020 Updated: August 15, 2020

*Signs of HIV drifting in both natural corona peplomers and vaccine-derived peplomers. Posted: June 29, 2021*

<https://indeep.jp/signs-of-hiv-floating-in-vaccine-derived-spike-protein/>

*Researchers at the National University of Singapore Hospital*

*"Patients infected with Covid get pseudo positives for HIV."*

<https://jcp.bmj.com/content/early/2020/09/08/jclinpath-2020-206942>

## **HOW HIV INFECTS THE BODY AND THE LIFECYCLE OF HIV**

<https://www.avert.org/about-hiv-aids/how-infects-body>

### **FAST FACTS**

\*HIV infects white blood cells in the body's immune system called **T-helper cells (also called CD4 cells).**

\*First, the virus attaches itself to the T-helper cell; it then fuses with it, takes control of its DNA, **creates copies of itself and releases more HIV into the blood.**

<https://www.avert.org/infographics/lifecycle-hiv>

## **How the immune system works**

White blood cells, The immune response, Immunity, Immune system disorders

<https://www.medicalnewstoday.com/articles/320101#white-blood-cells>

*Our immune system is essential for our survival. Without an immune system, our bodies would be open to attack from bacteria, viruses, parasites, and more. It is our immune system that keeps us healthy as we drift through a sea of pathogens.*

## **Immune system disorders**

Types of immune disorder fall into three categories:

## **Immunodeficiencies**

These arise when one or more **parts of the immune system do not function**.

Immunodeficiencies can be caused in a number of ways, including age, obesity, and alcoholism. In developing countries, malnutrition is a common cause. AIDS is an example of an acquired immunodeficiency. In some cases, immunodeficiencies can be inherited, for instance, in chronic granulomatous disease where phagocytes do not function properly.

## **Autoimmunity**

In autoimmune conditions, the immune system **mistakenly targets healthy cells**, rather than foreign pathogens or faulty cells. In this scenario, they cannot distinguish self from non-self. Autoimmune diseases include celiac disease, type 1 diabetes, rheumatoid arthritis, and Graves' disease.

## **Hypersensitivity**

With hypersensitivity, the immune system **overreacts** in a way that damages healthy tissue. An example is **anaphylactic shock** where the body responds to an allergen so strongly that it can be life-threatening.

***Does COVID destroy immune system like the HIV virus? The key is held by "T cells".***

<https://wired.jp/2020/05/24/covid-19-and-t-cells/>

*One of causes of the aggravation of patients infected with COVID is possibility of destroying the immune system like the HIV virus. When virus destroys "T cells," which make up 70-80% of lymphocytes, the immune system loses control, leading to a "cytosine storm" that can kill patients. Such a mechanism has become apparent from various theses.*

**APPENDIX3. Rapid and Easy Covid Detector by Covid Body Odour<2021/7/6>.**

It is this that could become **final weapon toward eradicating the evil Covid**.

***Detecting dogs that sniff out covid-positive people, accuracy 97% -French study***

<https://www.jiji.com/jc/article?k=2021052200391&g=int>

A dog has excellent sensitivity, however it is told also they become tired by severe working. Dog training may be not low cost, because it needs **treating the dangerous virus smell sample**. thereby machine detector (by mass product) would be the best.

***Scientists develop gadget that can sniff out COVID-19 using body odour profiles***

[https://economictimes.indiatimes.com/magazines/panache/scientists-develop-gadget-that-can-sniff-out-covid-19-using-body-odour-profiles/articleshow/83507464.cms?utm\\_source=contentofinterest&utm\\_medium=text&utm\\_campaign=cppst](https://economictimes.indiatimes.com/magazines/panache/scientists-develop-gadget-that-can-sniff-out-covid-19-using-body-odour-profiles/articleshow/83507464.cms?utm_source=contentofinterest&utm_medium=text&utm_campaign=cppst)

*Electronic devices may soon be used to identify the presence of infection in a crowded space using body odour profiles after scientists in the UK have tested a so-called "COVID alarm".*

***An 'electronic nose' to sniff out COVID-19***

*Through a newly funded grant, researchers across the University are developing a device that can rapidly detect COVID-19 based on the disease's unique odor profile.*

<https://penntoday.upenn.edu/news/electronic-nose-sniff-out-covid-19>
