

## **BETER ACTIONS by THE SUPREME WORLD RECOGNITIONS.**

Facing extinction era, the 1<sup>st</sup> cause and the countermeasure are surveyed. 2021/2/19,20

### **I :Science Basis**

#### **① Recognizable Matter are Logical ⇔ Logical Matter are Recognizable.**

Fact coincident thinking and recognition are all reflection of Logic..Failure and lie are not.

[http://www.777true.net/Logic-the-most-simple\\_but-supreme-way-for-recognition.pdf](http://www.777true.net/Logic-the-most-simple_but-supreme-way-for-recognition.pdf)

#### **② Natural Laws are all reflection of LOGIC.**

The 1<sup>st</sup> principle of matter is **Quantum Mechanics**(Historically derived by experimental observation)which can be reconstructed by LOGIC on observation(Birkoff & Neumann).

<http://777true.net/QFTstructure1.pdf>

#### **③ Creation of Universe(observable world)from NOTHING and God the Almighty.**

“Nothing” is non-observable and none can tell anything certain<nothing natural law=anything can be =almighty ⇒ God the out of any restriction.For an example,  $0=+1-1+2-2+3-3+.....$ <all of affirmative and negative canceling with each others> Heavenly revelation is resonance communication between missionary & God the almighty.

### **II :WORLD FACT Basic.**

Following seems rather forcing reasoning and dangerous for who disclose the secrets ?.

**④**The History is struggle between who rule & who are ruled<CLASS STRUGGLE,Marx> Former is atheist nobility hereditary class with **violence**(luxury,lie,injustice,hatred) and the latter is people theist with humble life in justice,truth,philanthropy **toward co-live in peace** .  
*“The Christian religion was intended to be a political revolution which, when it failed, became a moral one later on” .....J.W.Goethe.*

**⑤**Anti-Bible teach is secret society Skull Bonds philosophy by Hoegel in feudalism Preusen,  
*Perpetual war toward global hegemony by setting up enemy.....Hoegel philosophy.*  
*Nation and people are those who should be exploited by eugenic nobility hereditary.*  
*Geniuses and the people become the minions of the monarch.*

<http://www.777true.net/Global-People-Must-Search-an-Essential-Evile-Origin.pdf>

#### **⑥ USA the NAZIS reincarnated nation.**

NAZIS Germany was secretly established by USA capitalists who hate Jew the religious revolution people,as the consequence,the tragedy of Holocaust was conspired against Jew. After the war,they secretly imported NAZIS person and technology(operation Paperclip)to establish **CIA & Military Industry Complex** toward ruling the world.

*Operation Nazification – U.S. Military Hired Sixteen Hundred Nazi Scientists and Doctors*

<http://www.globalresearch.ca/operation-nazification-u-s-military-hired-sixteen-hundred-nazi-scientists-and-doctors/5369981>

Who rule Europe?,Germany !,Who rule USA?,German American !,but not Jew.

### III: Today's Imminent Tasks

#### ⑦ Climate Collapse with COVID19 Outbreak,

(1) It is oil merchant Rockefeller the American emperor who had made climate desperate world at now. UN IPCC is strongly being interfered by them toward no effective actions. CO2 has been monotonously increasing on and deadly **Arctic Methane Catastrophe** risk had been hid by them toward **Operation EndGame the final survival struggle**. Recent world at anywhere had become attacked by frequent strong heat and cold wave alternately, Climate debates and march are busy, however nothing effective results had been realized, Not before long, **global foods crisis** would become imminent due to agriculture destroyed

(2) In fact, climate collapse is substantially **World War the 3<sup>rd</sup>** toward **mankind extinction**. By any wars in the past (also in future), only mankind extinction risk was not happened, So far in authors survey, climate mending technology had been fundamentally established, While actually effective climate politics (global climate war declaration with starting mass production of climate weapons will not go launching by the insidious sabotage).

(3) Insidious and dangerous political trend toward coming stronger climate collapse world. Global COVID19 Outbreak in 2020 is faint strategy toward neglecting imminent climate by making more imminent virus crisis for everyone. It is counter coup detat against people by own governments. In coming stronger climate collapse era, nation could not support all people by anymore, but suppress hungry people to conserve ancient regime by status quo.  
<http://777true.net/We-could-Win-Virus-by-Testing-All-Nation-People-in-a-short-Time-&-Expense.pdf>

(4) **Establishing Global Climate Wartime Regime** would clear almost problem of people life and industry management. At least, we could direct the world toward such ways.

**Because it could not help to be co-operative, but not competitive to establish necessary regime with technology for global survival (the unique and only common purpose).**

\*5G or automatic driving are decadent tech, but not healthy one to really survive.

\*Rich you should pay temporal pain to get out of addiction of past luxuriant life, but imagine coming glory world having concouered deadly climate (our deadly mission at now !!!),

(5) The More Details.

<http://777true.net/>

#### **A: Arctic Methane Catastrophe Risk the most emergent Risk at now World.**

This is sudden and irreversible gas burst warming toward **fire ball earth** and AMEG(UK) proposed the risk evading technology by **Arctic Cooling geo-Engineering**.

#### **APPENDIX1:FACT DISCLOSING toward the FINAL CHANGE.**

(a) **Several human rights and press freedom organizations had called on Joe Biden to drop the charges against Julian Assange, arguing that the charges "threaten press freedom" and would set a precedent that would "criminalize" journalistic practices.**

[https://www.rtf.be/info/monde/detail\\_julian-assange-le-gouvernement-biden-fait-appel-du-efus-britannique-d-extrader-assange?id=10696931](https://www.rtf.be/info/monde/detail_julian-assange-le-gouvernement-biden-fait-appel-du-efus-britannique-d-extrader-assange?id=10696931)

**NAZIS USA(the hell maker-🇺🇸)is to act against "truth" threatening against their regime.**

Also author occasionally a scientist producing truth has been facing their threatening. U.S. forces stationed(substantial master of Japan after the war)are **illegally\*** and decisively interfering with domestic affairs by operating police, Judiciary, administration, medical society,etc by directing CIA theater actors to insidiously manipulate Japanese and by sometimes employing secret assassins and earthquake weapon.

**\*The principle of equal rights and self-determination of peoples**

<https://www.mofa.go.jp/mofaj/area/usa/sfa/pdfs/fulltext.pdf>

(b)Now any nation leaders seems **no real effort** to save people from climate extinction.

They say till 2050,100% CO2 reduction,however,the world would have died at that time.

Because no decreasing **atomospheric CO2** and no revealing **Arctic Methane Risk**.Why not?. But they are busy to conserve **Economy Prosperity at now** to give temporal pleasure.They are still competitive in economy and military in **facing common imminent climate collapse**.

Thereby it's very clear necessity of something drastic change in our recognition of life now.

Then most simple,strong and supreme task is **Declaring Global Climate Wartime Regime**.

Note virus had accomplished regime change by forcing and restricting economy & life way.

It is a common enemy of global people,why climate extinction risk being more than the virus is not ??????????????????.Now extra-ordinal stupidity has been ruling on in Covid 19 world.

(c)It may be only the scientists who could Declaring Global Climate Wartime Regime,**but not politicians**. Could you the scientists really **prove** that **Geo-Engineering** is impossible to **intercept Arctic Methane Risk** ?.

**②**From pursuing income rise for more luxury life to pursuing more culture in humble life.

<https://www.aljazeera.com/program/upfront/2021/2/19/yanis-varoufakis-capitalism-has-become-techno>

Author do not wish to advice others life way,but suggest being joy of life in long years of climate wartime regime.The regime demands **resource restriction** especially energy and foods,etc.Then such Americans way of life entirely pursuing more luxury with high-tech and more consuming resources become impossible. To tell from the origin,such life way had caused today's collapse.It's due to **today capitalism's proper ill** entirely pursuing endless market expansion,however everyone can understand impossibility of endless.But we should pursue **culture** to cause joy of life without damaging nature environment.Working time for producing wasteful goods should be saved to reduce resources.As the consequence,working time may be drastically reduced to cause more leisure time in stationary state of wartime after initial too confused and too busy one.

\*Now pro-musician and pro-sports men etc who need collective fun in closed faculty face serious jobless due to the infection risk.Unless **complete eradicating virus**,their culture business would be desperate.Unique way for relieving is all people PCR testing.

Once also author met him in his lecture in Japan, whose serious advice in TV show had turned authors direction of life. It may be ordinal that general people the most in population, but not scientist the specialists can not imagine, or will not imagine on coming awful climate hell. Because they are **too busy and uneasy in dairy life and business** now facing the imminent global infection risk with business decline. It is reasonable most of them have no margin to imagine and prepare coming awful era. Thus by any possible ways in trying to get best answer, the conclusion could not help to be unique. To tell from beginning, the deadly responsibility on such outrageous supreme extinction risk, **but not easy comprehensible for everyone** belongs to scientist the specialist, Thus conclusion could not help, but unique that the scientist **only who can diagnosis on the fatal ill and can order patient go hospital** must confess and declare the deadly climate fact to turn common recognition in today's business as usual, After having done their responsibility, it is to go to engineer, military, and administration with economist toward the concrete implementation (**climate engineering the all fields**) in practical operations. After having become serious state at now, we could not help **run at first**, but not think and not debate (in the past, these were diverging deadly responsibility to vanish in time goes on) any more before run. As the fact, a beginning of war may be always such way.

\*Dear engineers in the world: At now era, it may be certain that we could have accomplished almost necessary inventions for dairy life <consumer goods>. As mentioned in above, 5G or automatic driving are not engineering the necessary, but the prolonging for engineering itself. It is rather pity. However once we turn our face to climate war, there would be **many challenging tasks the emergency**.
