2012/2/8

Conspiring war is due to those who fear {**Global Huge Finance Collapse and Deadly Global Climate Change**}. This is **the most dangerous desperate decision** by them. Western media has been hiding this serious facts.

There would be the possibility about in April, some source told. Most of Iranian and Israeli people don't want war making. The wide spread doubt nuclear weapon developing in Iran is mere a false flag to make war by **the US&EU elites**. The hidden and evident actual reason is due to their peculiar fear for highest status decline (revolution is more terrible than war defeating) caused by both deadlock states of emergent catastrophe possibility of **global huge finance collapse** and **deadly global climate change**. Unless strong international co-operative interference on the war making, it might become **Halmagedon world war the final** causing global hell. It is likely a lowless stage. Having terribly defeated in poker game, and turning over the table, a guy shoot winner by his gun.

**{Global Huge Finance Collapse and Deadly Global Climate Change}.**

The anticipated, but inevitable situation of their status decline is now inviting desperate decision to make final decision war. It's also the final problem of life for anyone.

Because those fatality is non-favorable to reveal for global public, so they have been conspiring to hide those by war making. This is real reason for the war making.

US & EU (except Russia and China) accusing for doubt on developing nuclear weapon in Iran is the same as that for Iraqi the false mass destructive weapon. **Even if muslim nation had the weapon, they could not launch first attack, which is severely forbidden by Qur'an teach.**

## [1]: The Background of Ideological Origin.

(1) It is Rockefeller the world imperial and his faithful cronies (nobility and ultrawealthy, each nation's global elites group with secret global annual meeting=**the Bilderbergers**) who know well both the catastrophe possibility. So they could not help to conspire.

(2) Their fundamental ideology = Nation and people are those who should be exploited by nobility the hereditary <Feudalism ideology in dictatorship Prussia by G.W. Hoegel>.

Or Satanism atheism = people are divided to those who rule and who are ruled.

(3) Highest status is to become Satan in facing their status decline (Bible & Qur'an myth).

It is We Who created you and gave you shape; then We bade the angels prostrate to Adam, and they prostrate; not so Iblis; He refused to be of those who prostrate.

(Allah) said: "What prevented thee from prostrating when I commanded thee?" He said: "I am better than he: Thou didst create me from fire, and him from clay."

(Allah) said: "Get thee down from this: it is not for thee to be arrogant here: get out, for thou art of the meanest (of creatures)." He said: "Give me respite till the day they are raised up." (Allah) said: "Be thou among those who have respite." He said: "Because thou hast thrown me out of the way, lo! I will lie in wait for them on thy straight way: "Then will I assault them from before them and behind them, from their right and their left: Nor wilt thou find, in most of them, gratitude (for thy mercies)."

(Allah) said: "Get out from this, disgraced and expelled. If any of them follow thee, - Hell will I fill with you all. 007.011~007.018 : **YUSUFALI**:

(4) **Eugenics** may be past "ism", however, exception is the nobility and wealthy.

The ultra-rightist's final strategy is exterminating 80% mankind and the elites survival=**the operation EndGame**.

## [2]: Recognition on the Fundamental Facts on Current Trend of the World.

(1) Capitalism ended and the elite know it well. It is evident for everyone that **the global huge debt** never can be repaid. **Total sum of monetary asset = Total sum of debt.** Anihilation amount of debt equals that of monetary asset. **They hate the equation.**

By **positive feedback mechanism**, global mass scale market economy decline could not be stopped until encountering a catastrophe.

(2) Huge amount of accumulated CO2 in atmosphere is also a kind of debt, the crisis caused by which never could be rescued unless emergent and drastic countermeasure by more than 80 % reduction. Already global climate had become **wilder** at many locations. The key factor Arctic summer sea-ice surface would be disappear within **few years**. Current trend would cause methane eruption within few decades, which would make rescue critical. The consequence is **fireball earth (Arctic methane catastrophe)**. This is also prophesied by Apocalypse in the Bible.

### [3]: Current Trend of the World.

(1) Lehmann bankruptcy (2008) caused **the global mass jobless structure** which widens income gap between rich and poor. The consequences are **suppression and dividing on Laborer Class** and government bailout to finance field (**public debt increasing = conserving private monetary asset**).

(2) National Defence Authorization Act and Internet Suppression laws were promoted. Police state-ization is **suppression device against anti-government movement**. Both the Democrats and the Republicans in USA are faithful subordinate of Rockefeller (CIA-military-industry complex). Only exception may be Ron Paul who accused 9/11, and announced that we should not do to Iran what we do not want to do us..

(3) **Now falseflag war between Iran and Israel has been conspiring on !!!**,

### [4]: Final Bifurcation Points of the World.

(1) If Iran and Israel war went to global (Halmagedonization), it would be the end. This is just what the Bilderbergers have been conspiring on = **the EndGame**. A reason of hastening war might be that they wish to launch war while they could conserve their **power status** (authority and monetary assets).

(2) **Stopping Iran-Israel war → Realizing Global Economy**

**Collapse in EU, USA, Japan, China, → Each nation bankruptcy → Each nation**

**people's life collapse → Global riots and Revolution Governments ←**

**The event that the Bilderberger has been hatred against and the reason for making war.**

(3) **Revolution Governments** → no Admit Climate Crisis → **Final Catastrophe**

(4) **Revolution Governments** → Admit Climate Crisis →

Even if the current weather situation may seem to go against it, the probability of cold winters with a lot of snow in Central Europe rises when the Arctic is covered by less sea ice in summer.
