

—From the 9/11 to the 3/11 Japan Earthquake Massacre—

2011/3/31.

Circumstantial evidences indicates the outrageous warcriminals(9/11 and 3/11) by the NAZIS reincarnated in USA after the war.

-We face a hostile ideology global in scope, atheistic in character, ruthless in purpose, and insidious in method.....Dwight D. Eisenhower.

[ 1 ]:The coincidence of two democrat political changes

and earthquake massacre in Japan.

<http://www.777true.net/EARTH-QUAKE-WEAPON-by-USA>

Earthquake(..)Massacres	Political Situation
1945/1/19: Hanshin-Aakashi big air attack by US Air Force in the world war the 2nd.	ultra-long term monopoly-governance by <b>Liberal Democrat Party(LDP)</b> (1955~2009), but rare exceptions are as follows. LDP has been connected with the <b>military-industry-CIA complex(MIC)</b> of USA.
1994/1/17(early morning): USA Northridge earthquake disaster (33)	<b>Japan Socialist Party</b> (1994/6~1995/8) (primeminister Murayama). They had been against Japan-US security treaty(armed occupation on Japan).
1995/1/17(early morning): <b>Hanshin-Big earthquake massacre</b> (6434) 1995/3/20: <b>Oum-shinrikyo subway poison attacking</b>	
2001/9/11  <b>Twin tower massacre</b> by own playing terror attacking in NY by USA.	This was not caused by muslim Al'qaeda, but by right-wig USA ( <b>MIC</b> ) themselves. Those details could be seen in many, many websites in the world.
2011/3/11:  <b>Touhoku Big earthquake massacre</b> (20000 tolls non-confirmed) <b>Fukushima radiation turnmoil</b>	<b>Japan Democrat Party</b> (2009/9~2011/3) (primeminister Kan). Original JDP(made by Ozawa)was against <b>beurocrat monopoly with LDP</b> . Also his family was killed by 3/11.

Those are thoroughgoing brutality against colony nations(Middle east and Japan) by outrageous deception and terrorism on people. Could you miss this outrageous warcriminals once again ?? . USA must compensate warcriminals on Middle east, Haiti, etc and Japan.

[ 2 ]:The Global Deepest Back Ground(operation END GAME by the fanatic MIC):

(1)Operation END GAME(80% mankind massacre).

Problem which must be solved entirely depends on following thesis. Now all of us has been encountering **the final judgement** to live or die due to Catastrophic Climate Change caused by excess consuming fossil energy in hegemonism capitalism.

Then which will you follow whether **co-living altogether** or **superiorism survibing**, or God or Satan ?.

Satan(Rockfeller with MIC and his nobility friends) terribly hate own **status quo decline in the hegemonism capitalism**, which now become global evil device filtering man survibing from man perishing.

The latter is the fanatic MIC the superiorism extreme. They conspire **80% mankind perishing**(operation END GAME), but not **80% CO2 reduction**(op GLOBAL RAMADAN).

Then progression of CCC would cause global famine due to extreme-nized climate change in each nations at each years. Also earthquake weapon, however, for which author could not verify the physical evidence, would become kernel secret weapon for global massacre by **scilent of us all !!**.

(2)Foods:

In Touhoku earthquake massacre, more than **20000 people** was killed. In Fukushima nuclear power plant turnmoil(this events has many covering up suspisions, of which details could not be metioned now), danger radiation diffusion would destroy precious farms and fishery sea. Those would be severe long term damage on Japanese dairy life. **Yes, they tried to cutoff our foods battle front line.**

(3)Energy:

An aspect of disaster at this time could be symbolized by **Fukushima nuclear power plant** terrible destruction, which had been simuletaneous symbol of mass energy consumption and mass authority of energy industry capitalism.

Author(a physisists on energy by **B wave generation and Solar Heating**)also could not help to recognize threatening by this disaster.Or in other world, it is also them-selves who feel serious crisis by those **great clean energy potentiality**.

Note that the earthquake occured(2011/3/11:14.46)after when he had confirmed 90°C temperature rise by small solar heating box with single **glass window**.

The ideal max temperature by complete insulated solar heating box(impossible realizing)with black inner surface is 87°C.

Over temperature 90°C is called "green house effect". If we setted another mirror heat input path, over 100°C would become possible. Those details would be mentioned in the later. Note that those theory is not new one, but has already been wellknown for many scientists, but general amateure people may have not been known widely. Solar heating is enormous potential in **global energy revolution**.

Certainly there would be some inconvinient in utilizing solar heater, however, a **solar heating** in fine days could sufficiently provide "bath water and cooking heat" in dairy life without any fee for Electric and Gas CO.

So once you could have saved **foods** (and housing), you could become almost free.

Note that solar heating is far simple and effective than any modern harmful energy technology. This is a remarkable **upside down feature of evil modern civilization !!!**. Good old days were real, and a real could be realized again with some modern modifications such as solar heating.

[3]: 9/11 the beggining of ending ?, or one of starting to turn the world !!. Our wish is unique to stop the brutallity of MIC((Rockfeller with MIC and his nobility friends). Yes, actual democratizing USA is the central thesis of now world. President Barack Obama with all American's genuine mission is to dissolve MIC. Then the key is whole disclosing of fact **9/11** the outrageous brutality of MIC and whole disclosing fact of emergent **Climate Change Crisis**. Unless, President Obama would become a guide to hell.

By anyhow, now world is entirely upside down one due to miss truth and justice. Excess material civilization of now world is **an entirely mass synchronous strong delusion to hell**. The upside down is an essential property of Satan. Those who follow them would be in hell in near future. So you must be waken up first as possible. Time left for global saving is not so much.
