

—German would determine mankind destiny ? ! — '09/2/12~16.

Who dominate world now ?. What do they intend?. Then the kernel nation may be USA in which major ancestry race is not Anglo-Saxon, but German such as Rockefeller (the **King** in USA who monopolize overwhelming wealth in USA) and Bush family (**skull & bones** initiated the **CIA** by secret importing NAZIS persons after the war (operation paper clipp) and the illegal invasions on Afganistan and Iraq). After the war, German had deeply regreted the war criminal especially for Jew masacre, while an organized underground movement for the revenge seemed having been initiated and connected with German American. Their invisible international power never can be neglected any more now. CIA now is a **NAZIS** modernized.

❶ **The evil military-industry-CIA complex (MIC) :**

The most singularity of us mankind as an animal is **making wars**. In today of properous capitalims world, the center of making war at present point is not nations themselves, but **military industry and the relative in natitons behind**. For an example, the 9/11 terror was not a criminal of Muslim, but that of MIC in USA. They had become in severe financial state due to disarmament policy in Clinton goverment and wished war making against middle east nations. Cosequently the unprecedented and outrageous disasters were played by their concpiracy senario which has been CIA's main tasks of very skill. Once we looked for many conflicts in the world, we never fail to detect **conspiracies stimulating hates** among people due to various causes. Most of those are conspired to make wars for the benefits of death merchants and the relatives.

Hereupon author must refer to the supreme final event of apocaliptic one. It's a climate catastrophe not by gradual global warming, but by **abrupt arising fire ball earth** due to hudge amount of methan gas eruption in **Arctic basin** where temperature rise is faster than any other zone on globe. It would be so to say a global gas chamber extincting most of life on earth. Then the most remarkable affair is neglecting the fact by global established media who has been knowing it very well. It's the invisible world war the 3rd or the final. Then we could not help to wonder whether they wish **own suicide**, or **own survibe with others masscre**. Here is a notable symbolic evidence. It was a TV commercial secen by German automobile makder in Japan in few years ago.

The stage is a narrow and dangerous road on edge of cliff. A man stand near a car, when dark big clouds suddenly appeared in over all sky with heavy rain and wind. He started his car to rush through the dangerous and heavy foggy rain with wind, and eventually have succeeded to pass safely through there. The last scene is his simle of success and reliefe. It's a most favorite story for them, is'nt it.

It's also an extremley **outrageous nuisance** for most of people on this globe.

To tell for so called global warming, it's almost giantic decieving world where effective facts has been concieling for peoples. For an example, the effctive and **actual carbon reduction rate is 80%** to stop global temperature rise. Yes, certainly it shall disable most entrepreneures activities. Without this global policy, the world could not stop to encounter hudge amount of methan eruption from Arctic into where global surplus heat entirely flow. Hudge amount of methan clathrate is extremely and thermally unstable. Those are like as bombs.

**②German has been relating with the international right-wig movement:**

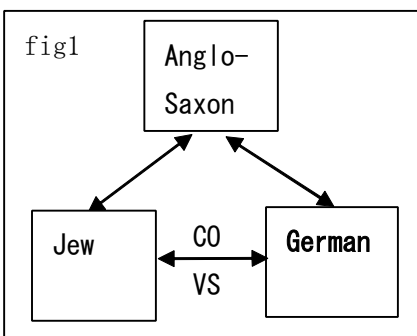

(1) **USA is not a nation of Anglo-Saxon, but rather that of German<NAZIS now>.**

Now author have to confess the serious future problem of mankind destiny, which has been deeply relating with German people in domestic and abroad.

Today, most of people on globe consider that world has been mainly leaded(ruled) by UK(the past) and USA(now). It's also called the domination of Anglo-Saxon with Jew. However in authors view point, it should be included also German<fig1>.

Because USA today considered to be dominated by Anglo-Saxon, but the major racial composition of USA is not Anglo-Saxon, but is German: the largest self-reported ancestry group in the United States, accounting for 49 million people, or 17% of the U.S. population. Thus **USA is rather a nation of German people.**

[http://en.wikipedia.org/wiki/German\\_American](http://en.wikipedia.org/wiki/German_American). Especially Rockefeller the king of USA and George Bush the worst politician are notable hereditary families.

According to authors experience, German has been acting **the international right wing movements** countering that of left in the world. The typical example is the secret society skull and bonnes became famous due to the Bush, whose phylosophy is outrageous that "(1) **people and nation are being exploited by dictator nobility hereditary**".

Or "(2) **perpetual struggle against enemies set up**". All of them were due to G. W. F. Hoelgel the Preusen phylosopher in 18 century. His climax may be as follows.

"An era of peace without conflicts is mere a white page in history. It is too tedious and not suitable for mankind". They are told becoming unrest in peace.

Then note that it is entirely up side down in common sense of normal people.

The most and typical realization is the CIA which was initiated by Bush family the skull and bones. Consequently USA after the war had become **nation fascism invisible (MIC)**, which was accused by German American president Eisenhower (1961).

(2) **Perpetual Subversive activities on liberation acts in the world (USA watch dog):**

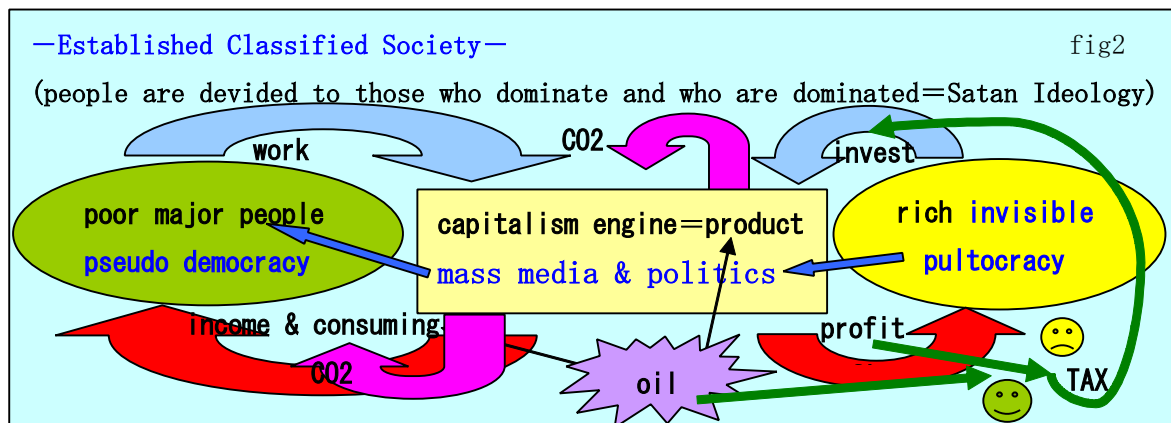

Dynamics of modern history is a conflicting between **capitalism & communism**.

A high status entrepreneurs (imperialists) has been fear for losing their wealth and status hereditary by communism (anti-communism). Western world's attitude against communism has been thoroughly at everywhere. Especially in USA, it has generally been gripped in their gut as stick with prosperity as carrot. Then CIA has always been invisible advance guard at every time and every place in the world. Their blindly activities are insidious and cruel against liberation acts. It need a book to describe their details. History after the war seems almost that of struggles between **nobility fascism CIA and peoples liberation activities**.

(3) **The highest priority target of now CIA is concealing climate catastrophe:**

(1) **They could not stop plutocracy of profitable capitalism regime:**

It is not recent days that author (physicist) had known hidden science anti-integrity. That is, in Euro-USA domination, there are many facts hidden by certain power which globally dominate **mass medias and politics** (a body). Retrospecting history, it had been dictatorships by kings and nobilities. Certainly Industrial revolution with capitalism had succeeded to make people relatively rich, while the minor genuine dominators had become extremely rich. Thus, to tell the facts, Euro-USA sophisticated democracy has been superficial, but not actual.

As you see in fig2, the power of rich is due to their **wealth** to manage mass media and politics(**pulutocracy**). Then the origin is entirely due to capitalism engine. Hence so long as they adhere their status, the mechanism could not stop by anyhow.

(2)**Invisible mad groupe conspiring secret of climate change catastrophe(CCC):**

Since author had noticed CCC, his work encountered more frequently obstacle acts. In those behind, he also had noticed being of certain groupe with unified will.

(a)The established mass media of big capital, national broadcasting. Their insidious trick is occasionally "indicate" some facts to get peoples favour. Most of times are spared for making people innocent with amusment & gossip.

(b)However it is also impossible to suppress all **persons who detect facts**. Then they as minolity are being inspected and suppressed by CIA and the agents. Yes, in this world, betrayers collapsed or threatened are surprisingly many.

(c)Author had noticed being of CIA in Japan 40 years ago in joint venture.com with USA, since then he also noticed deep connection of CIA with German. As for those, he can concretely point out. They has also **two faces** like as Japanese. After the war, GHQ(general head quater by Maqther) had established conspiracy network for dominating Japan by utilizing important persons in high status in ancient Japan regime by stick and carrot. Those who became agents were imperial family, militallymen, police, high status beurocrats, bussiness farm, right wig persons,.. Even today, the network become nation wide and more active than past to sustain **the conservative regime invisibly contributing benefits for USA**. Then unconscious betrayers belive that following strong USA is benefit for own. Or they frequently seems to be threatened by the political police with CIA. Japanese has been becoming more independent and disabled in moral and ideology.

(d)Author also noticed that not only in Japan, but also in the world, such tendency seems to be accelating. Once author had been physicist and contributed new theory to physical society in domestic and abroad. Then he found dis-integrity of the soceity international. The new theory would influence not only physics, but also ideolgy(religeon). The vaccume world is not mere an empty, but on the contrary, a full saturation where everything become possible without nature low restriction. Yes, it's the allmighty world invisible but infulential to us. Recently Author had to survey geoscience(CCC). Then he also noticed. By anyrate, geoscientists seems to hesitate to declare the serious facts of CCC, as for which, author could not helpt to consider they has been threatened. This is too serious to secure global mankid surviving. Then why not ?.

④**The two Faces of USA: government and international CIA with invisible budget.**

(1)The movie "JFK" by Oliver Stone had well disclosed the reality of CIA and militally industry complex in USA. It was evident fact that own government orgainiztion CIA had killed own boss the president. This fact imply us that the international CIA is another ultra-insidious government of USA.

(2)**The 2nd flor structure of USA in the world:**

Then we encounter question why so USA is abnormal ?. It is entirely due to entrepreuneure dictatorship by such as Rockefeller family who monopolize almost American wealth. In the matter of course, they would encounter hates of people. Hence they made conspiracy to turn their hates to abroad, which has been perpetual wars against abroad enemies set up. Another trick is make them consider comfortable and higher status by stimulating singular prosperity of USA than any other nations in the world (strategy American dream with 2nd flor sturcture against abroad). That is, American are inhabitants of 2nd flor, while other nation people are that of 1st flor (Dr S. Umano). To sustain such prosperity need more income from abroad, which has been entirely caused from **exploiting foreign nations** (Latain America, middle east, Asia, etc). Then CIA and milltally force always become necessary. Since those were all stealings from abroad. All of liberation acts and movements against USA in the world has been entirely caused from such criminal acts of USA. For example, invasion on Afganistan and Iraq are **unprecedented evident crimes of American**, which must be urgently justiced. Author know persons accusing crimes of own nation. However most of American still will not admit officially their **outrageous outflow acts with violences.** Evident low violences without punishments is the most remarkable feature of CIA, as for which also author can testify many and many. CIA is an illegal, dangerous and terribly rich mad dogs without neck chain.

(3)Not only American is spererior than other nation people. USA till Sep 2008, has been caused from such singularity of the minor entrepreuneure and their subs. Unlucky for USA, they are nation people without long history, but are emigrants ensemble for seeking monetary sucess. The consequece are sharp and abnormal distribution of wealth. Above all, **American must reexamine themselves.** American seems isolated iland people like as us Japanese who will not think of outrageous nuisance in outer-world and always entirely worry about ownself.

(4)American must become ordinaly nation people with global equality. Now the time is best oppotunity to realize. Also Carbon reduction rate 80% urges it. **Unless it, American (also Japanese) would destroy all the world in near future.**

## ⑤What is their final relief ?!:

Certainly an ego-centrism is a kernel problem of all of us. The evil gene has been caused from historical environments which had made them so. That is, **excess competition in surviving in severe environment** which destroy will to co-live with others. (Hence, on the contrary, it is also them who has been wishing communism of **mono-fellow community** than anyone else). Then problem is mono-fellow, which should turn to be **multi-fellows**. This is a very important diversity to suit environmental change. Without diversity, adaptability chance would be decreased in environmental change. **Our thinking in brain is a filtering process for aiming final ordered adaptability from chaotic diverse ideas.** Hence a mono-culture is tend to become stubborn and narrow minded conservatism which frequently is favor of and form fascism like as the CIA. Do you really wish world becoming one like "the movie Matrix" ?. Making unrest situation for them make situation more worse. Above mentioned essential mechanism should be recognized by all of us. Then what could make them rest ?. It should be asked Pope Benedict XVI. Then note that a vacume world is the allmighty one, which had been proved. As tell for German culture, author once became terribly favour of their attitude. Dr Faust (by ancient legend) wished and tried to survey the supreme dominator of this world by dealing even own soul after death with devil Mephistophers. It's very interesting and plausible spirit to deal with and throw down own soul to devil. Such act never easilly can be imitated by commonplace mind. And he finally also tried to create new land for people. Thus his soul was relieved at last by Angel. It's a story that now everyone wish.

In authors view point, both white European and black African are absolutely necessary, because they could do what we could not do and is useful for us.

Therefore also author has been entirely trying to do what both of them could not.
