

# HOW TO SOLVE the WORLD ?!

2012/2/17,3/3.

## (Interpretation by Logical Dualism).

The purpose of following tables are to spotlight and to **verify** the disputing world problems at now. Note the right column are description of **the realities by observing**, while left is **logical negation** of right, so those are something "should be". Then you could see the world now is upside down damn one.

	<b>Left Wing</b> (should be .....by author) ((the world which should be.....))	<b>Right Wing</b> (observed realities) (( <b>upside down the damn world</b> ))

(1) **dominator**:(who do what by how due to why at when in where).

As you knew,the mankind history is almost hegemony transition race by dominators.To tell for today's world,those are superwealthy the conquerers in global capitalism and aristocrat the stubborn hereditary.They made an ally called the Bilderberger. Above all,the influence by Rockefeller(USA) and UK imperial (≡R&U)are outstanding.

(2) **Philosophy**:(the key element for disclosing the global ruling is due to this!).

After all,ideology is all,only which could drive our actions.Hereupon this report is to verify outrageous conclusion that **this secular world is upside down**.The evidences are revealed from ideology in the below and fact that mankind are on going toward fireball earth due to decent science veridity..Even though they will not take effective countermeasure.

(a) **Devil philosophy.**

This is equivalent to that people and nation are tools for dominator,which is due to G.W.F.Hoegel 's philosophy in dictatorship feudalism of Preussen Germany. This is also called **synarchy**(=fascism) against anarchy.Note USA is not nation of liberty,but invisible super-fascism one with high-tech mind control and with supervising net works(**police state**). CIA was founded by Bush Family(skull and bones) by secret importing **NAZIS** persons. They has been endeavoring to export this philosophy to world wide.The deep influence could be found also in Japan **beurocrat and media ruling**(=cia connections after the war). In the other hand, many noticed these threatening and have been against those.

(b) **Atheism = Anti-righteousness = Barbarianism = {exploitation, violence, war}.**

As you know,God is **righteousness**,so atheism is the negation,which turn to be {Barbarianism = exploitation, violence, war}. So to say a lawless world.USA after the 9//11, they had become lawless against people of sacred scripture(Muslim). To tell from very beginning,the EXODUS by Moses and his the ten commandments was initiation of religion(Judaism),which was trying to shut down **barbarianism** in society. It is a trying to establish righteousness in society for people's stable co-living. Goethe once told war, business and pirate are trilateral. So war(violence),exploitation, and ruler are also trilateral. Those can not be theism. Judaist has been persecuted to expel them becoming bad for long history due to atheist rulers. Then who has been ruling now world by what way ?.

The capitalism with exploitation ,wars and massive deceptions. Following are examples

\*Religion is genuine.

\*Current regime would cause fireball earth due to Arctic Methane Catastrophe.

(c) **The Imperfect pseudo science without religion.**

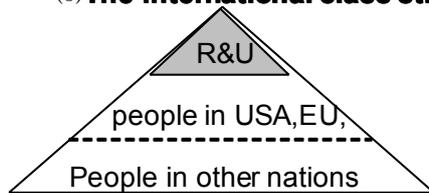

In modern age, people has been educated that religion is out of the science. But it is inability of established incomplete science that had made historical fatal mistakes.

<http://www.777true.net/Proof-on-God.pdf>

Now world academy and religion authority has been on science the fatal serious fact.

Thus you could see upside down damn world.

(3) **The international class structure.**

A dominator used to set lower class for hiding their highest class. This is the fundamental method to covert people's hostility against the highest.

That is, people in major middle class has been deceiving by relative satisfaction due to being lower class. However even such situation became worse by the recent global depression.

(4) **Strategy I** (Aim of Life)

(5) **Strategy II** (global financial crisis and zero-sum theorem for **debt** and **asset**).

There must be a lender behind a debt. Debt and bond are accurately one to one mapping.

So **{total sum of debt = total sum of bond}**. Therefore none can decrease debt without decreasing bond. Hereupon bonds belong to wealthy while debts belong to borrower.

The former will not want **borrower's default**. As the consequence, huge debts were tranfered to governments (**sovereign crisis**) from financial farm, which would lose rescue tool for poverish nation people in last stage of economic collapse. That is, the crisis now has

been accelating that wealthy become more wealthy, while poor become poorer. Can you really think it possible to overcome **the coming global collapse** by **own individual effort** ?

No !!. Something fundamental national strategy to secure co-living would be indispensable.

(6) **Strategy III** (coutermeasure on **climate change catastrophe (CCC)**).

(a) **Deadly Climate** (Arctic Methane Catastrophe Possibility):

To tell the climate crisis reality, modern civilization with huge oil consumption had ended.

Unless emergent drastic carbon energy reduction, life on the earth would be extincted within decades. People will not face this fatal fact. In this sense, **the global poor-lization is right !!**.

Whether the evil dominator be or not be, **the global poor-lization is inevitable**. The possible way of massive survibal life is **only eating with sleeping**. This is the very reality of CCC.

(b) **global massive(99...%) resonance of SCIENCE on CCC reality.**

**Therefore high pride white USA and EU people dislike countermeasure against CCC.**

Don't they really know outrageously terrible coming climate hell ????. Author himself convince that **once one had known the cruel reality, they would do anything necessary.**

USA and EU major media will never release **report on fatal reality of CCC**. For example, Exxon-Mobil(Rockefeller) has been interfering on announcement by IPCC(intergovernmental panel on climate change). As the consequence, global people had lost chance to be aware of fatality of CCC. Above all, carbon reduction is fatal for current capitalism running. **Both this fact and the global huge financial collapse become diagnosis on Death of Capitalism.**

Entrepreneurs have been worried only on their own corporate profit. Also almost people depending on this carbon capitalism will not face the reality of CCC. Facing the economic collapse, they are too busy in securing their own individual way of life to care on CCC.

This **conservative way** is to enhance more **global massive(99...%) resonance of SCIENCE on CCC reality**. Especially almost commercial mass media are separate.

(c) **in case of the Bilderbergers.**

However, there were an exception who consider those too serious, fatal and feared that those are to cause their **status decline**. Only elites the Bilderbergers had already known those fatality well, hence they (**the eugenists**) had determined and conspired to launch **the final decisive battle** called operation **EndGame(=anti-revolution war)**. It is to devastate citizens will to establish class-less society (**global revolution against them**) with liberty-equality-philanthropy before they became aware of those realities {class structure with wealth and status, cause of global economic collapse(GEC) and CCC}. Then the key word is **revolution is more terrible than defeating war** (facist PM Fumimaro-Konoe(Japanese Imperial family), who feared domestic revolution when without war against China, and had known no winning probability in the following war against USA).

(d) **Their possible scenario(devidened and ruled, or unite and struggle).**

Let's see Greek peoples livelihood and government in debt crisis. In coming massive financial collapse and coming wild climate environment, most of people's livelihood would become bitter and bitter to bankrupt, while government administration ability also would decline due to financial difficulty(decreasing revenue and increasing spending). Then people's eye never fail to orient the highest class. This is inevitable path where one have and the other have not in class society. This is fear for the elites, which is to cause wars in future.

**I** :By accelating the global financial crisis,deepen wealth gap between rich and poor. As the consequence,debts are to concentrate to government from financial farm,which would disable government to rescue people in the last crisis stage,while wealthy are saved.

**II** :Massive people's livelihood bankrupcy would cause nation unstability,which would force people to do revolution or war.They would induce wars by previously setted conspiracy.Then the kernel nations is {**USA-UK-Israel the elite ally**} against Middle east nations and others.  
Making war is an effective way to avert people's hostility against the highest class.

**III : World WarIII in order to exterminate 80% mankind(the supreme barbarianism).**  
 After all, their atheism is to do any thing they want by without God(**the righteous for people co-live**) = **war as barbarianism**. Once triggered,they would do until they could do.

(e) **PEACE KEEPING OPTION:**

This is fatal for us at now.

<http://www.777true.net/PEACE-KEEPING-OPTION-between-ISRAEL-and-MUSLIM-NATIONS.pdf>

<http://www.777true.net/Essentia-Criminal-for-Causing-the-Massive-Palestinian-Refugee-is-EUROPE-USA.pdf>

(8) **Globalism:**

<p><b>Self-Sufficient Localism with Strong International Mutual Supports</b>  <b>(Option by You)</b></p>	<p><b>Multinational Coorporate Powers Ally intending to weaken sovereign ones</b>          (the Bilderberg annual meeting)</p>
--	--

Multinational Coorporate syste is mere result of their limitless desire for profit(hegemonism) **without system stability consideration**.A designer seeking system stability is used to employ **pararell running array of independent units**(sub-system).While the former is tandem system of closely mutual dependent.The most typical and miserable example may be global financial sectors crisis,which is due to global connection of networks of monetary flows.All of them simultaneously encounter the crisis.In the global crisis,pararell running system would enable surviving of some of units **without total collapse**.Supposing climate change worsenning,**self-sufficient localism** is the best with **minimum energy**.

(9) **INDUSTRY:**

<p><b>Low tek Agliculture</b><b>(Option by You)</b>  <b>Natural Energy, Nuclear Power, accessory industries</b>  <b>Life in Natural Low</b></p>	<p><b>High tek Manufacture with Banks</b>  <b>high consuming Carbon Energy</b>  <b>Life against Natural Low</b></p>
---	---

Vegetation can sink atmospheric CO<sub>2</sub>, so its increasing could act temperature down. Temperature down decrease vegetation, so decreasing carbon sink acts temperature up. Thus vegetation is kernel of global **temperature keeper** (a natural law). However mankind devastated global vegetation with man-made CO<sub>2</sub> increasing (out of the law). Mankind never can produce own foods without **life** = vegetation and cattle (carbohydrate and protein).

(10) **POLITICS:**

**the marvelous common feature of coming mankind property predicted by both [A.Hitler\(the monster of hatred\)](#) and [David.Icke.\(infinite love with truth\)](#).**

[http://inri.client.jp/hexagon/floorB1F\\_hss/b1fha400.html#01](http://inri.client.jp/hexagon/floorB1F_hss/b1fha400.html#01)

Mankind now would be evolve to become those who are ruled and who rule. The former of major (**sheeple**) consider themselves of free will, but are subconsciously manipulated by **Bigbrother** (the fascist). This is due to old G.W.Hoegel's philosophy of dictatorship feudalism Prussia Germany, which was employed as fundamental ideology in **illuminati, Skull and Bones(CIA)**. Genius and nation people are to fully become hands and feet of dominator. **MK-ultra** developed by CIA seems to be generalized to application for massive public. **Mind Kontrol** tek is developed to establish **mankind coral at final stage** by Bigbrothers.

(a) David warned those coming crisis. In his fabric theory, the rulers (Bigbrother) are called **reptilian**, those reality are UK imperial (nobility **the hereditary family**) and Rockefeller (ultra wealthy family), ...etc. They are **the establishment(illuminati)**.

(b) **A threatening causes people's anxiety mind, which is to compel people to follow rulers will.** {**Problem-reaction-solution**} is conspiracy process. Problems is to cause people's anxiety, so they call for solution to ruler and the ruler guide them **destined trap**.

Example1) 9/11 threatening against Muslim → War making against Afgan & Iraqi.

Example2) Lehman bankruptcy → bailout by nation people's tax (government weakened).

(c) **Then he propose countermeasure (overcoming method) of love connections in people's minds by (truth setting us free).** Even though fabric fasion, those are reasonable to understand for everyone. **After all, people must unite with only truth and against ruler.**
