

New Regime Design to Turn the Upside Down World at Now. 2012/4/23,30

You could notice upside down world ruled by them. Our tomorrow life would depend on design **new global regime**, which might become **the FINAL TRIAL**.

[1]:Arctic Methane Catastrophe Emergency the Final Trial !!!!!.

(1) **Within 2015, Arctic ice lid would disappear and heat transfer is to cause sudden huge methane eruption which would turn earth fire ball at last in decades.**

<http://ameg.me/index.php/sea-ice>

Less summer sea ice = less cooling albedo = more warming = more methane release.

The observed data in above site shows those emergent realities.

(2) A hero with group in the scientific society has suddenly appeared from UK submarine beneath Arctic ocean to declare the salvation. Also we must get involved with them !!!.

(3) **some in the scientific community had been reluctant to discuss the possibility.**

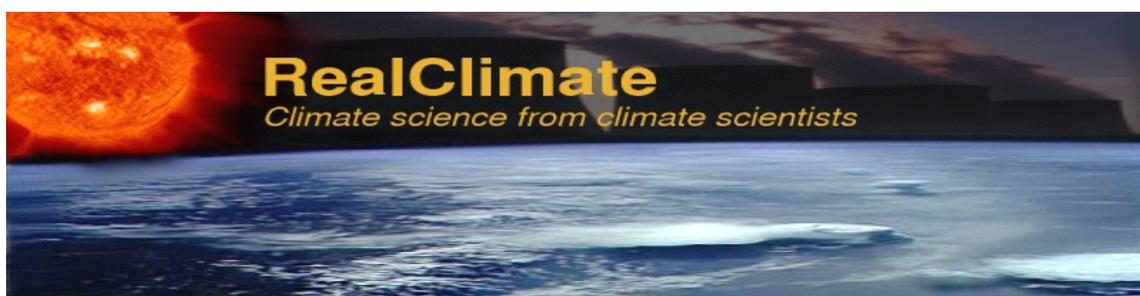

<http://www.pakalertpress.com/2012/03/18/climate-tech-fixes-urged-for-arctic-methane/>

Meteorologist Lord (Julian) Hunt, who chaired the meeting of the All Party Parliamentary Group on Climate Change, clarified that an abrupt methane release from the current warming **was not inevitable**, describing that as “an issue for scientific debate”. *But he also said that some in the scientific community had been reluctant to discuss the possibility.*

“There is quite a lot of suppression and non-discussion of issues that are difficult, and one of those is in fact methane,” he said, recalling a reluctance on the part of at least one senior scientist involved in the Arctic Climate Impact Assessment to discuss the impact that a methane release might have.

(4) **In the scientific society, they substantially had consensus the methane emergency.**

<http://www.realclimate.org/>

The one picture had already told all the methane emergency paradigm in Arctic from the beginning (ice lid diminishing) to the end (fire ball earth).

[2]:Global Countermeasure against Arctic Methane Catastrophe Possibility.

By anyhow,the global temperature must be turned to decrease as first as possible in order to stabilize global climate by operations on **CO2 sink** and on **ocean temperature cooling**.

(1) **CO2 SINK:**

It would take about 20~30 years to become effective for temperature down.As is slow,but is Indispensable **to accomplish permanent global climate stabilizing**.

- (a)Substantial ban for carbon fuel except that for survival limit consuming(20%).
- (b)Global scale of forestization on Land and Marine for giantic CO2 sink sources.
- (c)Artificial CO2 sink methods.

(2) **Global Ocean Temperature Cooling(GOTC):**

This method takes no time to temperature down.However the construction is outrageous!

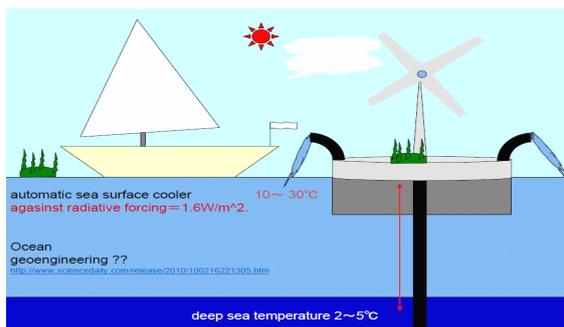

Note that global climate is ruled by **global ocean surface temperature**.Because it is due to **the debt heat** accumulated on earth=incoming solar ray input heat—outgoing heat by surface cooling radiation.Then the troublesome debt heat is reseeded in global ocean of depth nearly 600m(dynamic global heat capacity << Total global heat copy of depth 3000m). Note sea water temperature of deeper sea is cooler than that of surface one.So taking and pouring the former into the latter could make sea surface cooling down by water pumping.

- (a)geoengineering of ocean cooling.

<http://www.sciencedaily.com/release/2010/100216221305.htm>

- (b)automatic ocean cooler by wind power.

http://www.777true.net/GLOBAL-DECLARATION-WAR-on-CARBON-with-Geo_Engineering_Part_D.pdf

(3) **Special Arctic Geo-Engineering:**

<http://www.pakalertpress.com/2012/03/18/climate-tech-fixes-urged-for-arctic-methane/>

Only above mentioned method (1)(2) could not be sufficient for emergent Arctic cooling.

Therefore something special countermeasure is necessary against Arctic.

As you know by mentioned in [2],we could not yet get sufficient pragmatival tools and the regime.Therefore global endeavouring must be emergently necessary !!.

[3]:Now the time for Entrance of Global Regime Designers.

(1)**Unique and only duty of climate scientists is to disclose the fatal climate reality !.**

Essentially to tell,once the climate scientists(geo-physicists)society had disclosed emergent reality of Arctic methane catastrophe possibly without any hesitation,their duty would have substantially accomplished.So far author have seen,the climate scientist society seems to have established **firm consensus on the Arctic Methane Emergency.**

☞ : [If someone had the objection,please report to author.](#)

(2)**However,why has climate change crisis(CCC) been neglecting in business farm.?,**

<http://www.sciencedaily.com/releases/2012/03/120313122456.htm>

It's very evident that they consider admitting [1],[2] would cause their jobless in huge carbon consuming regime.**Caring for coming CCC is worthy only when their tomorrow's life is secured !!!.** Therefore the necessary following stage must be that of **economists** and **engineers** who emergently start to **design new global economics-politics REGIME** by "**global design competition**" in order to adapt { [1],[2] and **securing all global people's tomorrow life in survival limit(operation Global Ramadan)**}. Yes, the design would be not so easy,but is decisively necessary for surviving of us all !!!!!!!!.

The next stage must be that of **business & policy maker farm**.To tell from very beginning,**the crisis and chaos of today** has been being caused entirely by the latter who has been rejecting and more over supressing the scientist to declare the fatal climate reality.

(3)Note this is the most serious problem of **betting all lives on earth**.At now when none could have seen those fatal reality by own eye could tell anything the skepticism on CCC. Then could they really owe their fatal responsibility for their humbug arguing when those had revealed the reality.The left time for global salvation is not so long(few years).The most emergent work at now is making **decisive drastic decision** toward global salvation.

(4)**Who has been hiding the fatal climate reality ? and disobedience actions !!.**

<http://www.777true.net/IPCC-the-injustice.pdf>

ExxonMobil is continuing to fund climate sceptic groups.The oil company belongs to the USA imperial Rockefeller the substantial boss of Bilderberg Groupe the strongest power in the world.However,even as Rockefeller system,they could not work on,if their subordinates had done sabotage.All would depend on this simple deed(**massive public movement by non-cooperation with non violence(M.Gandhi)**).

[4]:Most difficulty caused by the conservatists in the Upside Down World of Now.

(1)"If the world is upside down the way it is now, wouldn't we have to turn it over to get it to stand up straight?" -Eduardo Galeano- <http://upsidedownworld.org/>

(2)A ruler rules people by **threatening** of his power and with **exploitation** from them (**unrighteousness**).While God is with **righteousness**.Therefore a ruler hates genuine religion(**righteousness**),which turn ruler to be **upside down**(**war,conspiracy,injustice,...**). Even though,some ignorant and stupid people has been worshipping imperials.
This simple,but strict paradigm very well agrees with "state of now world".

* **wars**=middle east nations invasion by USA the military industry complex.

attack upside down portion of what enemy thinkSun Tzu.

* **conspiracy**=CIA(conspiracy world is upside down..by Allen Dares).

Bilderberg Groupe's final aim has been conserving their **aristocracy regime** (= **ANTI-REVOLUTION**),.but is not establishing democracy.

* **injustice**=9/11 is ownplaying terror by USA-themselves.

(3)They have entirely been emitting huge amount of CO2, even though they have been being faced with fatal climate reality.

(4)**A civilization causing own extinction is upside down.**

After all,stupid but narrow greedy would make people blind for their fatal global future.

(5)The most naive and poor,but **stable economy regime** is **local self-sufficient** one.

While global trading one by interdependent divisional work is vulnerable in crises.

(6)Bailing out of fatal debt nations would cause more dangerous debt with higher interest.

Neglecting **zero sum theorem** in finance "**total sum of debt=total sum of bond**".

Decreasing one'sdebt is equivalent to decreasing someone's moneytary asset. Then wealthy's bond was converted to sovereign one from private banks in their cirsis.

Consequently nation was to be weaken when nation people want nation support.

(7)"Only the small secrets need to be protected. The largest are kept by public incredulity."

Marshall McLuhan,Canadian researcher and author (1911-1980)

<http://www.syti.net/Topics2.html>

(8)By divisional specializing in high education and insidious deception skills in mass media, people become more ignorant on matters which is essentially necessary for them.

(9)As time goes on with technology developping,people are to be more watched and more controlled unconsciously by powers(corporates and public authority).

(10)As time goes on with technology developping,war death statistics become more and more. 20th century is **the most massacre era** in mankind history.**Then what will become future?**

(11)Decent **Religion and the Prophecies** are valid in recent science view point.

<http://www.777true.net/Proof-on-God.pdf>

[5]:People could Get Free by Global Soridarity with Unique Truth.

Above all,people weakened by **devidenning by power** is fatal.Politics belongs to power which could be gained only by **people's massive political solidarity**.Then the kernel of solidarity could be accomplished only by **people's massive consensus on the fact**.

Why has people been defeating at now in the world ?.Due to author's observation,

(1)**Internal Betraying** by selfish(each individual and organization)interest is the worst.

(a)People in higher status & income become conservative due to fear for own decline and isolated from others due to **egoism** and to **invisibly being manipulated** .

Those are called **Leading Elite's Corruption**. <<**conspiracy**>>

(b)People in lower status & income is also easy to be bribed,decieved and threatenned.

They belong to certain organizations where they encounter suppressing power.

(c)**Massive People's SOLIDARITY** has unique tool against powers(**ANTI-BETRAYING**).

People must make really reliable colleague group for **decisively mutual supporting**.

They must be **disciplined** in co-living in tough enviroments by mutual supporting.

* the Bible,Acts,4:32 The group of those who believed were of one heart and mind,and no one said that any of his possessions was his own, but everything was held in common.

* the Bible,Ephesians. <http://www.bibleetnombres.online.fr/biblekjv/ephesian.htm>

6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.6:13 Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand.6:14 Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness;6:15 And your feet shod with the preparation of the gospel of peace;6:16 Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

* Al Quran,3. Al-i-'Imran <http://www.alquran-english.com/3-al-i-imran/>

003.175 **M.H.SHAKIR**: It is only the Shaitan that causes you to fear from his friends, but do not fear them, and fear Me if you are believers.

* Sun Tzu, LAYING PLANS:

The Moral Law causes the people to be in complete accord with their leader, so that they will follow him regardless of their lives, undismayed by any danger.

* The Bible,1 John,5:3 <http://bible.org/netbible/>

5:3 For this is the love of God: that we keep his commandments. And his commandments do not weigh us down,

Note all of "the Bible,Al Quran and the Sun-Tzu" told something similar(= truth !!!).

(2) **By insidious deceptional mass propaganda and own ignorant make**

Massive mis-Recognition on political realities. <<conspiracy>>

* **Overwhelming ruling by commercial mass media(TV,newspaper,magazine,internet)**

has effectively been **large scale deception** against people. See [4]:(7). A lie would become true by repeating 100 times or by its larger scale. These effectiveness had hiddenly been well studied since the NAZIS era to that of CIA(MI6). Therefore we should not see TV programs except weather forecasting and soccer games. News in TV should be seen with utmost caution for being deception or silence in peculiar political facts.

-The typical favorite trick against person non favorable in CIA plot-

They are fundamentally **plot senario writers** for **actors** and **stages** with the **behinds**.

(a) target man is to flame up as bad guy by **money,sex,failure or injustice act scandal**.

There are **manipulated actors** around the target whose acts has been being watched.

So called **false flag operation** is often used to make war against target nation.

(b) thus the target man(nation) is to be accused by people brain washed by the mass media.

Consequently **person non favorable for CIA** is to be dropped down from the stage.

* The ruler usually imposes mass media(subordinate) a **handling public opinion** of today.

Then expert could anticipate their intention(**forecasting on public opinion handling**).

This is extremely serious as weather one in critical world of today.

* **hidden ruling on top secrets in science and technology.**

Scientists are usually employed by rich public organization ruled by nation ruler. Losing job in them, or supressing on their study are threatenning for them. Outstanding opinion in their society might be also unfavourable. So to say, carrot and whip rules them. Being scientist is high status so they seems to tend to worry about not to get involved with troubles. For example, they seems to not wish becoming **climate scientist the HEAVY DUTY** in Japan. Instead they seems to wish becoming geologist or astronomist in *fantasic geo-science*.

(3) **ruling on people by economical forced sanction** <<conspiracy and pseudo war>>

As is authors view, UN seems to be of the injustice due to strong influence by power nations.

The international opinion is often operated by western mass media in power nations.

(4) **ruling on people by armed force threatenning(terror)** <<terror and war>>

As was told by M. Gandhi, **the movement NON-COOPERATION with non-violence** needs **the most bravery**. This methods seems also overwhelmingly superior than anything in **money and moral**. To effectively install this, **police and military men** must org **LABOUR UNION** who can declare *we don't want to be illegally ordered to suppress our fellows !!!*.

* After **1989**, mankind would have gotten more and more diverged into two type.

One are less but new type rulers and the other are most, but ruled.

* NAZIS would have been defeated.

* Then **reincarnated NAZIS military** with strong ally would have come. They would have come with catastrophe of revenging by nature. **It is this ultimate goal.**

* Mankind would have been terribly revenged from nature. Climate would have diverged into two type of fever heat and severe cold, heat and ice, big floods and big draughts, which would have attacked alternatively.

* In January **2039**, mankind would have evolved to something else, but not mankind.

Or they would have been extincted.

(author)☞: Hitler's basic ideology was **eugenics** and the **NAZIS** was the realization. Note the military industry complex with CIA are just the reincarnated NAZIS. The operation paper cilipp, after the war, imported to USA many NAZIS person who had reincarnated the NAZIS in USA.

http://inri.client.jp/hexagon/floorB1F_hss/b1fha400.html#01 <the some extractions>

* I will tell you what future society would have revealed. At first, filtered aristocrat class would have revealed by survival struggles. And there would be new middle class, ignorant public, new type of slave, mass for serving others, **not becoming-adult collective**. And there would be **new aristocrat**, special leader upon such them. In this way, there would have established new class regime in domestic and abroad by hegemony struggle process. And then **Eastern would have become giantic expermental lands**.... As the consequence, new European social order were to be created (the words told to Rauschnig).

(author)☞: The Eastern may be Japan the isolated prison nation for **various experiments**.

Historically Japan had been nation without being invaed by nothing effort, so they are too naive to protect exterior temptation or isideous manipulation by Western. And also recent western nation people seems to have become well resemble to betrayer and tail wagging Japanese. Hitler loved dog because they hate own fellow and are obedient to master.
