

Overwhelming Judgment of SCIENCE.

2013/10/19,25

* *Mathew 5:37, Let your word be "Yes, Yes, or" No, No: anything more than this comes from the evil one.*

* *2013 USA Inauguration Speech, by President Barack Obama. <XXX is by author>*

<http://news.nationalpost.com/2013/02/12/state-of-the-union-2013-full-text-obamas-speech-focuses-on-middle-class/>

*"Or we can choose to believe in **the overwhelming judgment of science** – and act before it's too late.....But if Congress won't act soon to protect future generations, I will. I will, I will direct my Cabinet to come up with executive actions we can take, now and in the future, to reduce pollution, prepare our communities for the consequences of **climate change**, and speed the transition to more **sustainable sources of energy.**"*

* *"If **the world is upside down** the way it is now, wouldn't we have to turn it over to get it to stand up straight?" -Eduardo Galeano* <http://upsidedownworld.org/main/>

Do quick decision and actions against climate change crisis(**CCC**), or we would be extincted. Then the decision must be scientific. Because science can conclude **most exact unique truths**. Most of people in the world has been not knowing the fatal facts determining our fate in near deadly future. Because the elites has been interfering the accomplishing global consensus to effective **political and executive actions** against the crisis.

[1]: **Then most quick & decisive way to accomplish consensus is scientific decision.**

To tell from beginning, a science is action for determine truth unique.

Some tail end problem in science might be disputable, however **pragmatical essential basic** ones are decisive for unique conclusion (overwhelming judgment by science).

<http://www.777true.net/World-Wide-KO-Battle-Show-of-the-Supreme-HeavyClass-Championship-Decision.pdf>

*Any debate can be ended by KO game in certain way, which is proved here. All of disputes has entirely been being caused **false flags** that cause disputes and wars of no settlements at anyplace anytime in the world. The most matter that must be hated by most of us are **lie, false, fake and hiding that are caused from evil.***

(1) **As for some details of "super completeness of science":**

Scientific truths in **axiomatic system(theory)** are **unique(overwhelming judgment)**, which was proved by **Goedel's completeness theorem(1929)**. This is called science monument in 20th century. **Incompleteness theorem(1931)** is proved belonging to **statistics (probability)theory**. Note statistical science description itself is determinism.

<http://www.777true.net/Goedel-Chaos.pdf>

Incompleteness theorem states that in non-contradictional theory including natural number theory, there is a proposition X that can not be determined ([singularity with information loss](#)). See **[2]:real example_1**). Completeness theorem belong to **determinism**. Both theorems can establish so to say a **super completeness**, which is nothing, but .overwhelming judgment of science **even with uncertainty due to probabilistical description**.

In other word, **science in general both with determinism and probability-ism is possible the most overwhelming judgment on truths in science..**

(2) **Mathematics** including **statistics theory** is axiomatic. **Physics** could be axiomatic. **Chemistry** is included in physics, thereby **other natural science** could be substantially axiomatic, but most of those are **not pragmatical in axiomatic formalism**. **Fluid equation in climate science** is called **chaotic** causing difficulty in **long time prediction**, which is due to fluid turbulence caused by [micro particle frictional collisions with probabilistical process..](#)

(3) **warning**: someone told Godel's incompleteness theorem proved being **not proved by science**. This is entirely wrong. Science can be **closed theory by determinism and statistical theory**. There is nothing, but the both.

(4) Then especially note **zero probability means not nothing, but non observable in quantum physics**. This is extremely serious in **quantum vacuum physics**. See example_1. <http://www.777true.net/Proof-on-God.pdf>

[2]:By without math formula, physicist must interpret and explain physics.

Above is a word by famous scientist, however author forget name. Certainly **exact science** conclusions in general needs **expert** and **amateur** could not judge it. This fact causes a frustration of unfair between minor science expert and majority amateur. In some critical case, it might be **dangerous**. Thereby, easy understandable explanation for majority amateur is necessary in general. **Certainly it could not be complete in exactness, however, there could always be certain effective way to make amateur understand scientific facts**

Then the key may be **logic** the most simple and primitive and **the most supreme science**.

Thereby amateur people should learn at least logic at first (author has a Japanese version).

Devil Mephisto recommends logic <Goethe, Faust, Tragedy Part 1, chapter study room₂>

I recommend you lean logic at first, then your spirit would be disciplined sufficiently.....

*Also the Bible recommends **digital logic*** <see **Mathew 5:37**, at preface>

*Note public education in general has been neglecting the outrageous importance of logic.

<http://www.777true.net/Logic-the-most-simple-but-supreme-way-for-recognition.pdf>

real example_1): "0" is nothing and non-nothing simultaneously.

This is a typical example *without expert knowledge*. Can you tell the maximum natural number in Natural Number Set = {0, 1, 2, 3, 4,}. It is **infinity** none can tell it **exactly**. Someone told it any large M, however M+1 is natural number which is larger than M. Infinity is not definite. Then can you tell what Z is? {1/1, 1/2, 1/3, 1/4,, Z}. Maybe you tell it zero. Certainly zero is smaller than any rational number 1/M. (M is definite natural number). Then zero is definite as nothing. While you can tell it indefinite by 1/M where M is infinite as non-definite. Therefore real number zero is definite and simultaneously indefinite.

Real number zero is contradictory. <0 is nothing and non-nothing>.

You never can tell definite something for something indefinite. This is just a logic. This curious feature is due to non-observability for zero (nothing) in quantum physics concept.

(a) This rather curious conclusion becomes extremely serious for recognition on elementary particles size which is zero in **standard theory** the most reliable in experiment and theory. This interpretation is to be whole logical in every aspect in the theory.

(b) This is also a real example of **Goedel's Incompleteness Theorem**.

There is a proposition X in a **non-contradiction theory** including natural number theory, which can not determine X. Certainly infinity = 1/0 and 0 can't be determined.

(c) This is just **information loss** (non-determining) **introducing probability**. Yes, so called quantum particle (mechanics) is known as probabilistic dynamics. *However none had explained why quantum world is probabilistic, but not deterministic.*

(d) **The Uncertainty of Climate Prediction is due to the probabilistic cause.** This is not inability by scientist, but by cause from nature essence. Air flow is with massive perpetual particle collisions which is probabilistic vanishing air flow trajectory (chaos in smoke flow).

real example_2): Who created this world ?! (without expert knowledge).

Before birth of egg, there was chicken, before chicken, there was egg,

If something had been, it not creation of universe, if nothing, nothing would be nothing forever. If you would have been adhere so called **causality law** chain as above, you never can recognize true cause of creation of universe. Then a possible decent answer is **indefinite**.

That is, noting information. Then note on "nothing would be nothing forever. Is it really all right ??". Nothing is **non-observable**, as for which none can tell definite something. Yes it also **indefinite**. Then unique possible answer is nothing, but **nothing physical low-itself !!!**.

So anything is possible in non-observable something. This is due to nothing, but just almighty being (God). Thus original nothing can become none nothing instantly (**Big Bang**).

"0" is nothing and non-nothing simultaneously <real example_1>. Once non-nothing had realized, then physical law was to rule universe creation process.

* <knowledge in engineers,physicists>

From **information theory**(in communication engineering),**nothing indefinite** means **infinite information measure**, $S = \infty$, where $S = k_B \sum_n \omega_n \ln(1/\omega_n)$.

n is designation for possible events(states in Quantum-Physics).

However S is also **entropy**,so the infinity is to mean nothing evolution(the end).It is inconvenient.But,there could be **another information measure** = ΔS which means

statistical deviation of S -itself..... $\Delta S^2 = k_B \sum_n \omega_n \langle \ln(1/\omega_n) - S \rangle^2$.

Author could prove being of singular point of $\Delta S^2 = \infty$ in general , while S is finite something.Then thermodynamics equation implies, $\Delta S = \Delta E/T = \infty$, T =temperature.

$\Delta E = \infty$ implies **infinite energy fluctuation** at **Big Bang** origin.

Thus **nothing-information** could imply **mathematical singularity of the origin**.

real example_3):The deadly climate science by interfering by the OIL Co.

This chapter [2] is extremely important,because,by **occasion**, major amateur people's honest observations on the scientific judgment could be superior than IPCC's view. Australian and African were the first nations people who encountered climate change disasters of **strong droughts and floods** devastated their foods products and social infrastructures in 2000-era.Then at that time,Australian scientist warned **CCC** and even suggested necessity of **global climate governance** for against the countermeasure.

<http://www.forbes.com/sites/williampentland/2011/01/07/climate-scientists-deepening-skepticism-of-democracy/>

However world climate society with the media did not respond their serious calling for. This fact had caused rather too late stance of IPCC.In 2013,recent years worsened climate in everywhere in the world turned people to notice seriousness of CCC and their voices became loud at last and the opportunist IPCC had then declared man made global warming by strong probability. In such idle way as was,**effective global countermeasure** had yet not executed. <http://www.777true.net/IPCC-the-injustice.pdf>

[3]:The reality recognition on the Science Societies in the world.

Without honest on truth,science could not be science.However,a human does always with errors, there were many confusions in the past.From author's experiences in relation with science societies,he found many their confusions.However,if they have ear to hear from others faith-fully **without interfering from malicious exteriors(richest nobilities)**, **they would surely turn to be able to accomplish completeness in science**. From view for coming future, we must entirely support so as they could faith-fully **accomplish exact results (scientific truths)** by no concerning with who they were and what they did in the past. If they would not respond the serious emergent calling,also they would be in hell.

[4]: Judgment on “the global ruling” at now by the supremacism.

*This is a trial judgment by author, readers also try to accomplish **the more completeness**.

Conclusionally to tell, if correct informations could be, the world now would be the other one.

In other words, this **upside down world** has been being ruled by **strong illusions**.

<http://www.777true.net/The-Upside-Down-World.pdf>

Those could be **analyzed** from logical symmetrical view. Following are written by experiential observations by author himself and collected informations from many scripts and websites.

[4-1]: social science in structural view of logical concept factors.

(1) **Historical fact**: Who did what by how, for why, in where at when.

(a) Almost human history was sad **VIOLENCE(wars)(robber&killer)** with exchanging **rulers**.

(b) A singularity is revolution (**democratizing**) by (religion) which intend to vanish **injustice**.

(2) **bio-psychological motive**: want, violence vs love, peace.

(a) Most people is ruled by their **wants** (taking something). Someone is ruled by **hegemonism** (taking all=king). **VIOLENCE(wars)** is robber-ing and killing others who want something against with each others.

(b) In the other hand, human want to to **co-live** (giving all=...). **Religion** is to control want, while want amplify **technology & wars** in capitalism.

(3) **Ideology(religion)**: aim of life, how to live, way of life,

(a) **Ruling by theism is almost righteous**, while **atheism** ruling is evil against the order.

The order ordered by God is people's **co-living**, while the denying is **wars(supremacism)**.

Righteous religion never could be established without massive concentus by people, which could not be nothing, but hope of co-living by democratizing.

Moses the 10 commandment denying VIOLENCE(origin of religion).

It is just the liberation from barbarian VIOLENCE ruling to co-living equally in God.

The Bible, Ephesians. <http://www.bibleetnombres.online.fr/biblekjv/ephesian.htm>

6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

(b) **ruling by atheism becomes disorder.**

Ideology of American elite's (the establishment) secret society Skull & Bonds is told

"do as you want in life, a death is mere becoming skull and bonds". It's also low-less and loose. "**people and nation are those who should be exploited by nobility supremacism**".

Or "perpetual struggling by setting enemy".

Those are told to be due to **Hoegel philosophy** in 19th century feudalism Prussen. **Bush Jr** is skull & bonds (kinship with **UK imperial family**) who conspired 9/11 the low-less inside job aiming the Middle East **invasion wars** for reconstructing US military industry complex.

* *K. Millegan & A. Sutton, Fleshing out skull & bonds, Trineday LLC, 2004, USA.*

(4) **Economy in restrictional natural and social environments.**

(a) Due to want and working, economy is producing and exchanging **goods** with **money** to manage life in the restrictional natural and social environments.

(b) **Money** is decisive tools to satisfy want, so **wants in CAPITALISM** entirely and blindly endeavor to save money. However **all sum of bonds = all sum of debt** in finance theorem.

The above equation reveals peoples **strong delusion** for view on monetary assets.

<http://www.777true.net/Zero-Sum-Theorem.pdf>

(c) **Inadaptability by excess adaptability**

In capitalism regime, too much doing is much worse than doing nothing. Money can gain money by **investment** for **growing markets**. Consequently the growth with endless wants has been agitated in CAPITALISM regime, which now turn crippling to global biggest **economy depression** with fatal **CCC** against most of people. **It's outrageous fatal failure.**

Even though people now has been wishing the recovery (**strong delusion** to global perishing by climate collapse due to massive consuming CO2 in the capitalism).

<http://www.777true.net/THE-ECONOMY-NEVER-WILL-RECOVER-AGAIN.pdf>

(d) Capitalism, money can gain money had caused strong separation between rich and poor. Then minor rich becomes fear for **being of overwhelming major poor in the world**. This is origin of strong propaganda against **anti-communism, socialism** with insidious and cruel **depopulation plan (wars, famine, environmental collapse & plagues)** by the elites.

* **Revolution is more terrible than defeating war!** (F. Konoe Japan Emperor family).

<http://tamutamu2011.kuronowish.com/konoejyousoubunn.htm>

* *In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve **overpopulation**.* Prince Philpp (UK imperial).

* **Three Articles For Mass-Distribution: Rockefeller Depopulation Plans Exposed**

<http://www.infowars.com/three-articles-for-mass-distribution-rockefeller-depopulation-plans-exposed/>

(e) **In order to accomplish effective countermeasure on CCC, global rationing regime is inevitable !!!.**

Because emergent CO2 reduction is more than 80% with simultaneously saving foods for global people, and emergent Arctic cooling geo-engineering to stop Methane Catastrophe is also absolutely necessary, which never be accomplished without strong global regime establishment by massive global consensus. **It could be also a planned economy by nationalized employment** for saving all people's life. None is jobless. Enterprise do not pay to employee's, but tax instead. <this is an opinion requiring **exact synthesis**>

<http://www.777true.net/OPERATION-GLOBAL.RAMADAN.pdf>

This is far from completion, but author wish many try to **synthesis the operation** by more accuracy.

(5) **Technology(military one):**

Those are tools invention stimulated by want, some of which in **non carbon energy** could turn the upside down world ??!!.

http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf

(6) **POLITICS(regime by ideology-economy-police_military power(VIOLENCE)):**

(a) **recognition on USA situation at now.**

In the **capitalism regime**, substantially **plutocracy politics** has been ruling the now world. **It is very simple that people are to follow those who give money(rich followers(c))**, which is to establish **plutocracy**. If the ruler are selfish enough, they endeavor to conserve and to grow their regime (power succession by **hereditary** and **monopolizing market**). This is the origin of generation of **nobility hereditary class** ruling this upside down world. In the matter of course, they had known well generating many **enemies** who hate them in **capitalism competition** and **exploitation against massive lower class people**. USA ruler have been fearing those, so they made watch dogs and guard-men(**CIA-military industry complex**) in order to **research & develop insidious and clever skills** for conserving their monopoly regime(**invisible emperor regime as supremacism**) by their wealth and tax by nation people. Those are all **VIOLENCE RULING** against ordinal moral and rationality.

I : anti-communism-socialism(=>anti-climate policy).

Above are brain washing for nation people by **strong superior complex** against (former communism nations) and the other nations due to past strong **American Prosperity** after the war. Now the prosperity had severely turned. Even though **the strong tradition** has been still dominant in most of nation people. Now it could be seen in dispute between democrats and republic parties for **Obama care**(national health insurance system which is ordinal in most of nation). It's remarkable **supremacism** revealing in **conservative American thoughts**. Medicare is for rich, but not for poor. Strong **American Capitalism Belief** in conservative is nothing, but this supremacism **denying to co-living** .

*Certainly "**Obama care ,gun control,and climate policy** " are unprecedented challenge against **traditional American conservatism**. In this meaning ,**Obama** is very rare, precious **American revolutionalist** whom democrat American has been long for. However unless becoming **the most world revolutionalist with strong collaborators and massive supporters**, USA(world)could not be saved in global climate crisis **the final judgment !!**.

II : .Outrageous prosperity had turned people **strong vanity** one(**unconscious competition with others**). They seems to take very care on **appearance**(in high society). An rich American confessed that their consuming trend had become toward vanity only when they noticed. This trend is also same for rich Japanese. **Therefore they tend to hate talking about private disgraceful topics enabling unite by confessing common weak points with each other**. Strong obsession for gun possession in USA is a remarkable evidence that reveals society of "**distrust others**". Those are called **ruling by dividend**.

III : To turn **people's hatred against ultra rich elites**, they operate people's concern for consuming, sport, sex, and screen or perpetual sad news on internal disasters, disputes, and deadly crimes The decisive is **war making** in abroad. This is main task of media(education). They are entirely **no repentance** on low-less and terribly cruel invasion wars against other nations. It's remarkable symptom of **shizophrenia**. By such them, the world is ruling.

IV : In order to relax peoples political frustrations, someone propose movement to absorb and moderate their radical original opinions, but not to **realize political result(intentional failure)**

V :Lecture on **Group Stalker**(Japanese language).

<http://gangstalkerstext.web.fc2.com/>

In order to **harass** political activist to frame up **criminal or spiritual disease**, they operate home and street **special stage** with many actors. This software is told developed in USA.

There is awful case that whole of city(nation) is almost the special stage with massive actors. Those actors are conscious and unconscious CIA agents. It could be called **grid-less prison** with insidious and cruel tortures.

VI: Low-less watching and invisible **terror** against political activists. This American character has been due to **CIA-Military industry complex the NAZIS reincarnated**.

Evidently those are all abnormal “VIOLENCE DEVICES” for low-less ruling !!!. Commonsense in USA is anti-commonsense in the other nations. The strong superior complex of American has been causing the **strong delusion**. Awaken American !!!.

VII: By knowing enemy and oneself, even 100 times fights would be no defeat <Sunzu>. They say, never interfere domestic problem of other nation, however **USA is substantially default nation both in monetary and moral**. So creditor nations could not stop to interfere. However high pride American would not admit easily such situation. Some Americans are extremely conservative, while most of American seems flexible enough to accept serious realities of now world and could turn upside down America by own will. Then American political taboos (also conservative EU, ...) { I, ..., VI } at now must be emergently reformed. The era has been becoming worse and worse toward hell.

America the Pest by MIKE WHITNEY, October 02, 2013

[4-2]: Who has been ruling this upside down world ?!

By knowing enemy and oneself, even 100 times fights would be no defeat <Sunzu>.

(1) **Who has been ruling this upside down world ?!**

Frankly to tell, conspiracy theory of ruling the world by some sect is right. However it is not Jew, but substantially **USA-EU nobility and ultra rich sect** now called **Bilderberg Group**.

It is the reincarnated **NAZIS**. To tell from the very beginning, it was initiated by prince Bernhard (Netherlands, 1956) ordered by the ultra rich **Rockefeller** with **UK imperial**. Bernhard was once NAZIS member, while Rockefeller supported **NAZIS establishment**.

To tell NAZIS in a word, it's entirely a **supremacism toward hegemonism by VIOLENCE**.

It's entirely **atheism** rejecting religion preaching on co-living in equal in God.

(2) **What is their final purpose ?!**

(a) **Operation EndGame:**

The ruler (Prince Philipp, Rockefeller, ...) in the world has been wishing **depopulation** (see below sites). Since they have been **hating people** due to obsession for fear of their status decline. A **middle class managers** (entrepreneurs and other elites) has been follow the boss, which may be **ensemble synchronous paralyzing to neglect inconvenient facts**. (**economy, deadly climate collapse**). A reason may be strong **watching and interference** for their political behaviour. Also they have been worry on their high status decline.

It is almost 100% certain that **unless emergent global countermeasure**, climate would become more wild as years goes on toward **final fireball earth** by **Arctic Methane Catastrophe** within **few decades**. That is, most of lives on the earth would be extincted at last. It would be unprecedented and outrageous **cruel world** which you must, must imagine. Also imagine what is those who has been hiding this outrageous inconvenient facts.

For the New World Order, a world government is just the beginning. Once in place they can engage their plan to exterminate 80% of the world's population, while enabling the "elites" to live forever with the aid of advanced technology. For the first time, crusading filmmaker ALEX JONES reveals their secret plan for humanity's extermination: **Operation ENDGAME.*

(b)**The Counter Operation = Operation Global Ramadan** against Climate Collapse.

See **[4-1]:(4)(e)**In order to accomplish effective countermeasure on CCC, **global rationing regime is inevitable !!!**.

<http://www.777true.net/OPERATION-GLOBAL.RAMADAN.pdf>

Above all, this decisive operation must **emergently be synthesized concretely** by global abilities. For the aim, thoroughly honest recognition on the deadly world is emergent.

Coarsely to tell, it's a world where they say "it's best that everyone scarcely could eat".

Top priority is global countermeasure for **establishing climate stability**. Above all, **Arctic cooling geo-engineering** is fatal to stop **Methane Catastrophe** causing global extinction. So long as preventing the catastrophe, lives on earth could be by anyhow.

Of-course massive carbon sinking by more than 80% carbon reduction is also fatal to stop temperature rise. **Once global people had been awoken on the fatal crisis, they would reveal something extra-ordinal abilities to avert the crisis.** It is just this hope that author has been long for.

(3) Now what is going on in this upside down world. ?!

Now we must recognize facts at now and **synthesis actions** in following way.
