

## Testimony to Paris Citizen & Police.

2015/12/10,15

**Summary:**Your task in **coming climate hell era** is shooting innocent ,hungry mass people similar as 11/13 in Paris.Nothing willing to tackle climate change is **suicide** by global elites at now.Current situation indicates world has been going toward hell to catastrophe 2050.

Motoji Suzuki Climate Journalist in website <http://www.777true.net/>

**Dear Monsieur and Mademoiselle ,Madame in PARIS CITIZEN & POLICE.**

### **[1]:Coming climate hell era and Police(with Military).**

In recent years,everyone in the world had become aware that climate is becoming worse and worse year by year(big draught,big floods,big hurricane,sever cold attack,unstable climate) .However **nothing effective climate mending is operated**.If the current situation would be prolonged,warmed Arctic sea flor would cause sudden big methane eruption (strong GHG),which is to cause sudden temperature rise,which is to cause more methane eruption.Once such event would have happened.None could stop it.The last stage is called **fireball earth** the global mass extinction by oxygen deficit due to massive methane burning.

<http://realclimate.org/>

It is not SF ,but twice historical fact of methane mass extinction called Permian and PETM.

It is coarsely estimated about by 2040~2050. Note it is not so long years.

Thereby, from now 2015 to such 2040~2050 should be called pre-climate hell era.

It is few decades long.Then what will happened in such era ???.

**Climate collapse is to damage directly people's life** in saving foods and water ,house and social infra structure.In the matter of course, terrible increasing damages could not stop **social instability**. **Police and military** would be frequently ordered to **suppress riots** due to **hungry and angry people in climate disasters**.This is the most ugly stage in the hell.

**[2]:Substantial terrorists now is not lower people,but highest elites(upside down world)**

(a)It is hard to understand for general people who believe common sense that something is upside down.The most example may be **the 9/11** terror in 2001.They told criminal was Muslim,while fact is America themselves(military industry complex and special military troop who operated remote control air plane(home run)).Since 1990 when USSR was resolved, they had lost enemy to be big recession.Then they were to make enemy for making **war on terror**.In 1995 Tokyo Japan,Religious cult Aumu shinrikyou attacked subway by Sarin gas. The cult was CIA connection through Touitsu kyokai.There were agent of secret police in inner cult.**The criminal was operated in watching by police**.The similarity of 9/11 is criminal by **religious cult**. Religion is too bad in the plotter's sense. Charlie Hebdo attack was told done by **religious cult**.

(b)**Then Paris attack 11/13 was terror on ideology(for action making !!)**

The terror maker ISIS was created by USA(John MaCcaene),so fights and war with ISIS are all **false flag war** for making war and confusion in order to make profit for (1)**weapon merchant**. Of course the false flag war's aim is (2)**hegemony winning in regions**.Author assume another possibility for (3)**terror on ideology**(scientific and religious truth for **action making !!**).

Summary to tell,now climate has become worsened to global mass extinction before 2050.

**But,urgent Arctic Cooling and 80%CO2 cut could save the world(action making !).**

[http://www.777true.net/Q-A\\_Die-or-Do\\_Mending-the-Deadly-Climate\\_the-Problem-Solution-Reaction.pdf](http://www.777true.net/Q-A_Die-or-Do_Mending-the-Deadly-Climate_the-Problem-Solution-Reaction.pdf)

Possible Questions are answered for climate problem and etc..

(c)**Paris attack(11\_13) is terror against Climate Actions in COP21**. 2015/11/21,23

[http://www.777true.net/Paris-attack-11\\_13-is-terror-against-Climate-Actions-in-COP21.pdf](http://www.777true.net/Paris-attack-11_13-is-terror-against-Climate-Actions-in-COP21.pdf)

Condolence is to make victims not of no use,and amplified power for overcoming the terror !!!.

Most of elites might have not been aware **the deadly climate fact**.(no salvation by 2°C

Copenhagen treatment,neglecting emergent Arctic Methane Risk,mending both would need global conversion from **business as usual** to **climate wartime regime**).Since climate science advisers themselves were deceived by IPCC.Paris attack(11/13)may be **terror against genuine climate activists in COP21**.They might have been manipulated someone who hate climate fact. Ban on Climate March in Paris by French police might be political suppression ! , or security service for foreign participants?.**By anyhow,we must not be silenced,but more pursue climate fact toward global propaganda !!!**. **Effective Climate Mending** is outrageous, however coming climate hell by nothing mending is far more outrageous.There still be salvation possibility.

(d) It is not exaggerate to tell that Climate Salvation has been intercepting by **Exxon-Mobil** the American emperor **Rockefeller**. At first, they consider it obstacle for their business, now they has been fearing the deadly responsibility of climate extinction risk.

(e) **Relation between America and France at now, but not the past.**

De Gaulle era (1960s) was anti Anglo Saxon <withdraw from NATO the ally with USA>..

In Japan, some told President Sarkozy was agent of America. Then what is President Hollande ?

In Japan, some told President Hollande is not remarkably against America. However their relation between Russia is hated by USA. After 11/13, they allied with Russia for fight against ISIS.

In most of American critique, the 11/13 is French version of 9/11.

(f) As for climate, USA and Russia are commonly **oil merchant** who hate climate.

Then, is France willing to tackle climate problem ? Non !

(g) **End of democracy (Syti.net) and Echantology (Bible et Nobre) in Operation Gradio.**

I often see above French site and can not stop to feel a **DESPERATE** feeling. [This concept is entirely against France tradition of endeavoring to accomplish aim](#). Certainly French people are superior in art, philosophy, and science <worth on **living purpose**>, however they comparably defeated economy and politics <worth on **living tools**>. Once Europe nations were invaded by so called Operation Gradio. It is political conspiracy to purge **leftism** in Europe and is told successfully accomplished. **Then, also European nations became USA followers.**

(h) **Religious hate caused the Charie Hebdo attack**(Charlie-Hebdo 2015/1/8)  
the Charie Hebdo(Charlie-Hebdo 2015/1/8) was a prelude of **2015/11/13 Paris attack**.

**[3]:Who made this universe ?!!<God the almighty is genuine !!! 2015/11/11>.**

*It came only from **nothing**,if not so,something being at first is not the beginning.Then nothing is nothing forever !.You may think so.It is this that make the solution dead !.Then you use a law that nothing is nothing forever.This is the law of this material world at now.If it is really nothing,also law-itself must be nothing.**Non can prove being of any law with nothing matters !!.***

**If nothing law(almighty),then the creation from nothing become possible !!!.**

Climate march is enough peaceful,but not violent.Then why French police ban it ?!!.

They might be not Frenchman whose great ancestor was once revolutionist(1789).

The Charlie Hebdo Attack: Characteristics of a False Flag Operation?

<http://www.globalresearch.ca/the-charlie-hebdo-attack-characteristics-of-a-false-flag-operation/5424669>

**Post Summary;**

Since 1990 when USSR was resolved,military industry complex(MIC)with CIA had lost enemy to be big **recession**.Then they were to **make enemy** for making **war on terror**.The terror maker **ISIS** was created by USA(John MaCcaane).They are **reincarnated NAZIS,athetic in character**,global in scope,ruthless in purpose,insidious in method<Einsenhower 1960>.

**The war merchant terribly hate religion(Jew and Muslim believe peace order in God).**

**The terribly hate also climate (big oil merchant Exxon-Mobil the emperor=Rockefeller).**

**Thus main criminal has been the American emperor with MIC.NAZIS was created by USA capitalists to be against Jew the revolutionists<Aushviz>. Then Europe might be the follower.**

The prelude **Charie Hebdo attack is terror on religion**,while **11/13 Paris attack may be terror on climate(COP21 11/30~12/10)**.They fear ideology as **action making**.

**Because those would have changed the world now ruled by the emperor.**

**Revolution is more terrible than defeating war....the mind of the ruler wealthiest.**

**It is not the massive others,but massive only you who could determine coming destiny !**

**Petition-It was illegal by Paris Police(2015/12/7).** <http://www.777true.net/>

Author was not allowed to enter COP21 civil society site with following placard !!!Ban on entering must be **compensated**.I strongly demand it to France Governments(2015/12/11).

**Urgent Holding another COP21 combined Science and Civil Society Site again to Declare the Deadly Climate Fact !!!.** Then note

**declaring the deadly climate fact could determine climate policy at once!!.**

As for those who know the deadly climate fact,COP has been **absurd enough** toward global suicide.Since the global emperor(**prosperity obsessionner at now**,but also unconscious or conscious **suicide wisher at last climate catastrophic stage**)hate fact tellers.Most global people might be the same due to the **deceptions**.Maybe the main cite participants don't know(or silent)absolute necessity of **80%CO2 cut to turn down into stable temperature and deadly Methane Extinction Risk**. For long years,COP debates has been **putting responsibility one another to avert fact**. As is such confused situation,we could not be saved.This is **COP's** absurd reality since the start.Now time left for salvation has become less,so the government are to be death penalty final commander to **humanity**. With rational judgment,**France government** had better admit the deadly facts that also author points out.

(1)This portion shall be real mailed directly to the government.

(2)Pre meeting for preparing main cession.

(3)**Climate Fact Declaration** toward the world by scientists and civil society in main cession  
→**declaring the deadly climate fact could determine climate policy at once!!.**

**\* Exxon-Mobil the Emperor has been conspiring for climate fact hiding !!!!**

Why has **essential major climate scientists** substantially been **SILENT**,but few exceptional ??? **It is too late !** ,they found **deadly climate facts** and become **desperate at that old times**. But we +few.scientists noticed climate mending is certainly difficult,but possible **by new innovations**.

**\* Paris Attack 11/13 was terror for hiding FACTs not to convert world**

**This is the deadly problem of do or die !**

(1)**Possible !!!,**

**urgent 80%CO2 cut to turn temperature down.**

(2)**Possible !!!,**

**urgent Arctic Cooling for ice recover to avert Methane Extinction !**
