

Dear APS office Staffs.

2023/08/03.

Subject: I request APS physicists to testify in court regarding the **Yes or No of the 3 questions** related to the completion of elementary particle theory.

***The 3 Evidence(Yes,No) of the Completion of Elementary Particle Theory.**

① Elementary particle theory is a field dynamics one which is determined by an **Action Function** or **Lagrangian**.....(*Analytical Dynamics in 19th century France*).

② Gravity field by Equivalent Principle was proved to be a complete gauge field.
(1956,Utiyama,1993,Suzuki,Appendix1<1>)

²⁾*M.Suzuki,No3423// Renormalizable Gravity Field as Gauge one in Linear Coordinate. submitted,but not published by Prog.Theo.Phys(1993/4/15,Kyoto University ,Japan).*

③ Gauge Field Quantization had already been completed by L.E.Faddeev&V.N.Popov,1967

³⁾*L.D.Faddeev & V.N.Popov:Phys Lett. 25B (1967) 29.*

Thus Lagrangian of Quantum Gravity Dynamics(QGD)had been completed,App<3>.

Dear Dr Suzuki,we regret to inform you that your manuscript is not considered suitable for publication in the Physical Review,We are therefore returning your manuscript.

Yours sincerely, D.Nordstrom Editor Physical Review D.

[2]:The Possible Testimony Method:

Letter Testimony may be exact and easy.

(1)I shall demand the court witness of **D.Nordstrom Editor Physical Review D.**

If,impossible,I wish someone who can do instead of him.

(2)Then Japan's Ministry of Justice and Ministry of Foreign Affairs will request proxy testimony from the local judicial authorities in the United States, and the results will reach the court by letter.
