

The Rockefeller File

2015/3/30,4/11

Where is troubled portion ?? Above may be dominant answer. Therefore to know the wealthiest Rockefeller is to fix the world for future. Following are the data collected by author. Note each data are not whole complete, some portions might be not correct.

I : The Rockefeller File

(1) ***NONE DARE CALL IT CONSPIRACY*** 1971 by Gary Allen

http://www.whale.to/b/allen_b1.html

Following is summary by author Suzuki. Rockefeller assisted **Bolshevik Revolution**(1917) in order to make **out side enemy** for the aim of establishing **Capitalism ally** against the **Communism**, it is solidarity making against communism by setting up decisive enemy outside. **"Nation people and genus are tools of monarchy"**.

"Set up enemy for keeping perpetual struggle toward hegemony winning"Hoegel *Philosophy.in feudalism Preussen*.

In 1989, **Berlin wall** was liberated and USA was to lose enemy, consequently **Military Industry Complex**(right wing USA) set up new enemy of **Muslim nations**(the 9/11 in 2001), since then USA has entirely been making **false flag wars**.

(2) ***WALL STREET AND THE RISE OF HITLER*** By Antony C. Sutton

<http://www.reformation.org/wall-st-hitler.html>

Rockefeller assisted **NAZIS Revolution** in order to defeat **Jew** the revolutionists. Why Jew has been being persecuted for long history in feudalism and capitalism Europe?. Both **Christianism & Communism** are **democrat class struggles** against **nobility hereditary regime**.

Right wing's role is to defeat those political movement. Bush family kinship with **UK imperial** has been subordinate of Rockefeller.

USA today have revealed **NAZIS reincarnated nation** as military-police-state with **high tech violence devices**.

(4) ***The Rockefeller File*** 1976 by Gary Allen

http://www.whale.to/b/allen_b.html

For more than one hundred years, since the days when John D. Rockefeller Sr. used every devious strategy he could devise to create a gigantic oil monopoly, enough books have been written about the Rockefellers to fill a library. I have read many of them. And to my knowledge, not one has dared reveal the most vital part of the Rockefeller story: that the Rockefellers and their allies have, for at least fifty years, been carefully following a plan to use their economic power to gain political control of first America, and then the rest of the world.

(7) Global BackGround by the Bilderberger=Operation EndGame.

This world has been being ruled by Bilderbergers with Rockefeller the General Head Quater of **NAZIS**. Their final aim is not peace making, on the contrary, to conspire **eugenics world** for the few elite's surviving (**Operation EndGame**). This might be due to **capitalism instinct**.

*For the New World Order, a world government is just the beginning. Once in place they can engage their plan to exterminate 80% of the world's population, while enabling the "elites" To live forever with the aid of advanced technology. For the first time, crusading filmmaker ALEX JONES reveals their secret plan for humanity's extermination: **Operation ENDGAME**.*

*If you really wish **actual effective result**, then do you opt talent by their color?. In this world, there many races whose talent are variously different. It is the differences that enables **merits** and **demerits**. Thereby we should complement with each others by knowing the difference. In recent USA, many blackmen were killed by white policemen, then the President should ask himself whether he is to kill also white or not. Also **UN** and **IPCC** the chiefs ask themselves the same question.

II : Todays Political Environments in the global Rockefeller regime.

"Only the small secrets need to be protected. The largest are kept by public incredulity"

Marshall McLuhan, Canadian researcher and author (1911-1980)

(1) After all, **leftism** or **democratization movement** in the world have not yet accomplished winning, on the contrary in today, it is right wing movement that become more active to accelerate toward **capitalism(wealth)monopoly** with **military police state-nization**. Right wings are obedient to the power, but insidious and brutal dogs against leftism. They are bred by rich and noble papa in high place. **Real cause of the defeating may be deficit in people's strong money and manpower's investment to research and synthesis on their united political activity toward global winning**. Always cost is necessary to get success. While people has been busy in own pleasure, but not in co-operation to live <**divide and rule**>. While the competitors has hiddenly been investing mass money and man power. It is positive cycle to increase their power by more money gotten by their increased power. CIA is a most famous right wing machine who research and synthesis on various operations against democrats. CIA is secretly financed by tax and by Rockefeller private money. So **tax** for rich may be a solution. Though saying so, era of money would have passed away by **climate change being revealed**. Hereafter, saving minimum foods and energy by **national strategy** would be decisive in the coming world. In the era of climate change worsen, people are to recognize that individual effort could not be effective any more, but **only political solidarity** could win to accomplish **the national strategy**. Or you would be extincted by **Arctic methane fire blast before 2050**. Also note **the wicked spirit in high place** has been seeking chance of end game <**world war III**> in order to vanish evidence of own fatal failure <climate collapse toward global extinction>. This could be interfered by none, but by military men themselves at that place of nuke launcher. This would be supreme mission of them.

(2) Another political Option.

This may be most important and emergent task of us, however it is not certain whether following data are those, or not.

Long years economic prosperity in advanced nations may succeeded to make people more or less conservative even in facing difficulty.

After all, today may be singular era without evident **another political option**. It is leftism decline due to deficit in **adaptability** for the time.

(3) Capitalism the Completion with Fatal Failure is Its ENDING.

Note both **unemployment & climate change** is to **denay your life!!**. Then how to solve the both simultaneously ??

(5) **Climate Change: How do we understand by simple causal mechanism in heat exchanging flow !!.**

For amateurs, understanding climate science by **observed data** may be good, while by **phenomenological** climate long stories might become sticking in the mud. By overview based on physics fundamental (earth rotations, **heat exchanging**), those could be **simple** and strict.

¹ earth rotations → trade wind, westerly wind, latitude, regional temperature difference → convection → high & low pressure → seasonal-regional weather,

² heat trap CO₂ rise → oceans warming → temperature, vapor increasing → hurricane, flood, ... → Arctic warming → cold wave blasting, ... # → regional drought,

³ Equator and Arctic (Antarctic) warming is to increase heat exchanging **radical collisions** by hot wave and cold one in northern hemisphere due to thermal imbalance

Even EU having been following USA,they begin against the US warlike group running toward nuke war and disclosed true appearance of ISIS<in Japanese>

<http://plaza.rakuten.co.jp/condor33/diary/201503090000/>

Military men are worry about the militant faction going forward to nuclear war with Russia,who seems to be spreading in the United States Army, Wesley Clark, who served as the European Union Army Commander-in-Chief from 1997 to 2000 .In the program of CNN,he said the friendly countries and allies of USA had created ISIS as a militant faction the relationship of "terrorists".Even chancellor Angela Merkel of Germany, who is said to be American puppet,is going to place a brake to the militant faction .

Background of intending to overthrow the full-fledged war by the United States with providing weapons to Kiev regime and military training the Guard is in Ukraine<in Japanese>

<http://plaza.rakuten.co.jp/condor33/diary/201504010000/>

Needless to say, the center of the militant faction are neocon / Zionist. Victoria Nurando US Assistant Secretary of State having led the coup, John McCain, Joe Lieberman lawmakers such as hardcore.

Many consider that elite the **American extreme right** with CIA-military industry complex are too smug and too dangerous with too outstanding military power,especially after **the 9/11** in 2001. Most of **false flag wars in the world** has been being conspired by them. Why could they be so extremely radical against **another nations peoples**.Now author present problem **who** they are and really **what** is going in their mind<**the motives**> ??**In order to conspire perpetual such brutal havocs,there must be decisive imminent reason for them.** Thereby,global destiny would entirely depend on many decent American's united actions against them.Then also note that they has been becoming more and more **cautious for own nation peoples**<USA police state-nization in recent years since 9/11>.Thus American military and police men and women should seriously care on who really make your livelihood.

(3) **Now what is going on in this upside down world. ?!**

Now we must recognize facts at now and **synthesis actions** in following way.

Role of American would be decisive in coming planetary emergent era. They allow **totalitarianism management** in military to accomplish aim by best **cost-performance effectiveness**. While they has been strongly against **socialistic management on policy** <anti-communism historically and strongly brain washed>. Free is everyone's wish, however there comes time when non can survive without **strong social (global) management on policy** <global policy on strong restriction on carbon energy and on geo-engineering implementations>. In this meaning, the world destiny would depend on the smug and conservative American elites now in strong schizophrenia .

Conclusion:

Till 2008 the Lehmann bankruptcy, the world had been monotone of concern on economic growth .

At now(2015), global people has been under **the silent desperate world**

with noticing **vast chronic economy depression** and also **growing rapid and vast climate threat**.

Both could not be settled ,but simultaneously,however the problem is outrageous,but not impossible to solve.

Let us go to fix the world !!!,by **synthesizing** and **presenting evident another option of comprehensible,effective,realizable to co-survive in coming Climate War Time**.

Thus emergent our task is **synthesis** on **evident and clear another option to act**.

It is which that **the majority silent desperate people** are wishing.

Also they must **write own future scenario(another option)** by own trial.

Epecially perspective on climate countermeasure never be regional,but global.

Therefore it is the own trial that could cause them global perspective on the whole world future.

http://www.777true.net/For-your-own-sake_Write-your-Future-Scenario.pdf

PS: What should be taken in the 1st action ?.

Find “easiest problem” to be settled and do it first !.

About 1 years before,author wrote many e-mails to **regional governments** in Japan to recommend to **write own future scenario**, especially taking account for coming climate change world.Because they are rather free and affordable in something trial actions.

Of course,before those,mail was sent to authority in central bureaucrat,but they respond nothing. Now author himself has been trying and realizing **80%carbon reduction** life(home average value in Japan)by not smart ways such as no car ?,bicycle !,no bath ?,tap water shower,no heating?,wearing down coat. Also he is trying solar heater and electronic generator.Those details is to be reported in this site by having gotten certain data.Now authors aim is not such established? technology,but B Wave(**charge density wave by Nicola Tesla can create energy from nothing !!**)one which has been authors life work.This task should be done by global co-operation,so he ask your support. Another emergent tasks and the technical-financial difficulty has been intercepting this work for recent years.It is not that this singular work could be accomplished by none,but by author.So someone who has strong motive should try it !!!.

<http://www.777true.net/Water-Electrolysis-by-Charge-Density-Wave-could-Creat-Energy.pdf>

Also note climate countermeasure would not to be too late, so long as intercepting **Arctic Methane Catastrophe**.

Thereby the most emergent problem at now is **Arctic Cooling geo Engineering** by few billion dollars !!

Save the Arctic sea ice while we still can ! 2015/3/6

<http://arctic-news.blogspot.jp/2015/03/save-the-arctic-sea-ice-while-we-still-can.html>

.....

Fortunately researchers are increasingly confident that a stratospheric aerosol haze, produced from sulphur dioxide, SO2, could provide significant cooling of the Arctic for modest expenditure of the order of a few billion dollars per year.

This type of cooling could be replaced by cloud brightening using ultra-fine seawater droplets when the technology is ready for large-scale deployment within a year or two.
