All nation people virus testing enable the settlement by **short time and expense** .Negative people can come back business,and positive ones are isolated to be medic cared.

Unless Rapid Eradicating the Virus,We would Encounter More Horrific One.The virus mutation is told rapid toward generating more toxic one.....2020/6/3,4

### **(1)*A 14-year-old Indian prophecy hits a topic in the world, Pandemic killing within hours of infection at the end of 2020,,***

<http://www.asyura2.com/19/kokusai28/msg/733.html>

\*you should employ Google translator.

Surprisingly his prophecy is almost real since the beginning to end of May.

However southern hemisphere nations now are encountering strong pandemic.

- *Many new virus types will appear from December 20, 2020*
- *Humans may develop a vaccine against the new coronavirus, but super bugs will appear during the period from December 20, 2020 to March 31, 2021.*
- *The virus becomes a real fatal thing*

*What is the horror of it? ▶ Simultaneous multiple occurrences in the world*

*▶ Death within 1 to 2 days or hours*

*▶ None know the route of infection*

*▶ No preventive measures are effective (there is no cure)*

- *This happens due to human collective responsibility.*
- *All human beings awaken and finally can overcome this plague.*
- *The only countermeasure is to boost immunity. The most important thing among those is to eat organic vegetables-it strengthens immunity. Turmeric is especially recommended*
- *Nutrition, sleep, and mental management are important*

### **(2)*Prahlad Jani, the Indian who claimed he hadn't eaten or drunk for eighty years, died***

*The yogi, who has been the subject of medical studies but also of doubts, died on Tuesday at the age of 90, announced his neighbor to AFP.*

*During this second study, he was constantly monitored by cameras, he held without eating or drinking, but also without urinating or defecating, for two weeks, astounding the observing doctors . "This phenomenon remains a mystery," said a neurologist on the team at the time.*

Some they may be enough mysterious people.Once famous Sai Baba had emerged.

### (3) Non Stopping Mutations toward Horrific Event ?!

(a) Virtual Experiment on Evolution by all selecting maze forks toward final goal.

It is difficult to reach final goal for a snail, however, if snail could proliferate enough at each fork junctions to go all the ways, some of them never fail to reach final goal. If this was so called **the frequent virus mutations**, it could be possible to realize horrific event at last ?!

*The fast multiplying property could have numerous implications and also shows that the coronavirus is indeed virulent and potent.*

\*Also note that **most of infected are no onset or mild disease**, which invisibly turn to possibly cause large infection. Immunity has two step of **innate immune** and **adaptive one**. Those healthier may be stronger in **immune**.

#### APPENDIX-1: Why 2<sup>nd</sup> Wave Virus was More Toxic than 1<sup>st</sup> One in the Spanish Cold ?.

This is amateur opinion. In order to survive during temporal pandemic pause (virus hibernation period), the virus must stay in **someones host who are visibly healthy, but silently infected for long time till 2<sup>nd</sup> infection explosion**. Their healthy is kept by their stronger immune, however some virus has been surviving toward aiming to break through their immune by taking long time to mutate. Or such mutated virus was once spreaded to others whose immune was weak, then 2<sup>nd</sup> wave is to begin. What author wish to tell is that necessity of All People Testing is to **detect healthier people with silent hibernation virus** in temporal infection declined period. He wish experts accurate critics toward intercepting 2<sup>nd</sup> explosion.

#### (b) **Emergency Warning toward Rapid Eradicating the Virus.**

Horroric evolution of the virus can be intercepted only by **not allowing time to evolve**.

It is nothing, but rapid eradicating the virus by **all global people testing**. It is certainly hard task, but possible by global sufficient fund with both established technology and the production ability at now !!

**(4) We Could Win Virus by Testing All Nation People in!! a short Time & Expense.**

**(a) Corona Test for 9.8 Million Wuhan Residents, 300 Positive, "Now the Safest City", 6/3**

<https://news.yahoo.co.jp/articles/f121a85e77b901d1c313211d89de14aac0678eee>

Approximately 9.8 million people were tested between 4/14 and 5/ 1, and only 300 tested positive, The cost is 13.6 billion yen / 10 million people = 1360 yen / person.

This is a historical and clear winning against the Virus In Wuhan the first attacked city!!

\*This is the 1<sup>st</sup> region where they tried All People Testing toward Virus Eradication.

**How one Italian town fought coronavirus, The evidence is clear:**

**Mass testing for the virus is the key to its eradication - and to saving lives.**

**(b) How to Detect the Virus by real time PCR Tester.**

**Overview of qPCR <Real-time PCR explained>**

<https://www.youtube.com/watch?v=1kvy17ugl4w>

Necessary process is picking up virus from patient and mix with reagent (sample making) .

\*Note now easy saliva sampling had become realized, which employ no experts, but amateur.

And set those into automatic tester and the switch on !, In a time, the result is to output. Virus

Positive is detected by fluorescence (this is action of reagent) threshold level in the concentration amplification cycle time. Nothing fluorescence is Negative going back home.

\*Sample Making (this might cause error possibility?!) process needs test engineer with protection suits, however amateur could be by the short time training. Note now is wartime !!!"

**(c) An example calculation on a PCR tester**

Virus Sensitivity	1 gene → 2 <sup>15</sup> = 33000 by doubling 15 times amplification
Samples in each test	24 samples
Maximum test samples	400 samples / 8 hours = 1200 samples / 24 hours
Cost of instrument	300000\$ = 25\$ × 1200 people = 2.5\$ × 1200 = 0.25\$ × 120000 =
Testing Cost_1 (Setting times 400/24 = 17 times / 8 hours = 1 time / 28 minute)	Test engineer cost ~ 250\$? / (8 hours) / 400 people = 0.6\$ / people Reagent cost ~ 200\$? / 120 samples = 1.7\$ / people <a href="http://catalog.takara-bio.co.jp/product/basic_info.php?unitid=U100003224">http://catalog.takara-bio.co.jp/product/basic_info.php?unitid=U100003224</a>
Testing Cost_2	?
Total Cost	Wuhan = ¥1360 / (¥109 / \$) = 12.5\$

[https://www.bmbio.com/Portals/0/images/news/support/2020\\_Palm%20PCR%20S1.pdf](https://www.bmbio.com/Portals/0/images/news/support/2020_Palm%20PCR%20S1.pdf)

\*This tester is not officially approved as medical use by Japan health ministry.

(d) **Very Coarse Estimation may be 10~20\$ x 100 million people = 1~2B\$.**

10~20\$ is twice times testing cost by very coarse estimation by author.

<https://www.aljazeera.com/news/2020/03/congress-approves-2-trillion-coronavirus-rescue-package-200327133845317.html>

Thus we could repeatedly declare that All People Testing is Short in Time and Expense !.

- *This happens due to human collective responsibility.*
- *All human beings awaken and finally can overcome this plague.*

**APPENDIX-2;Mass Infected People Nations are Breeding Stronger Virus Growing.**

Certainly none wish mass infection,while some leaders seem not !!.

So called **stabilizing by herd immunity acquiring** is entirely fake to cause rapid mutating virus more toxic.Longer time and larger virus amount would cause coming stronger disaster.

**This is nothing,but global war without visible fires.**In order to rescue the world now facing imminent global risk ,we(WHO?,.....) must intervene those nations strongly by stronger global consensus !!!,Then note social lockdown strategy(this is effective,but can not be long time lasting) is higher cost than All People Testing one.Thereby ,all the nation must haste to product **PCR tester** with the reagent.Now it may be stronger weapon than any other ones.

This is war,while people could not recognize,so once global consensus had been, the consequence is **emergency weapon production and the global deployment !!!.**

**The fund of deployment** for Infected person medical care facility,medical equipment and medical staff must be urgently collected from where rich money are resting.

Note so long as releasing infected people,we could not win by no complete virus radicating.
